12. Reconciliation between HKFRSs vs IFRSs/CASs

The Company understands that BOC, an intermediate holding company as well as controlling shareholder of the Company, will prepare and disclose consolidated financial information in accordance with IFRSs and CASs for which the Company and its subsidiaries will form part of the interim financial information. The requirements of CASs have substantially converged with HKFRSs and IFRSs.

The consolidated financial information of "BOC Hong Kong Group" for the periods disclosed by BOC in its interim financial information is not the same as the interim consolidated financial information of the Group for the periods published by the Company pursuant to applicable laws and regulations in Hong Kong. There are two reasons for this.

ADDITIONAL INFORMATION

12. Reconciliation between HKFRSs vs IFRSs/CASs (continued)

First, the definitions of “BOC Hong Kong Group” (as adopted by BOC for the purpose of its own financial disclosure) and “Group” (as adopted by the Company in preparing and presenting its consolidated financial information) are different: “BOC Hong Kong Group” refers to BOCHKG and its subsidiaries, whereas “Group” refers to the Company and its subsidiaries (see the below organisation chart). Though there is difference in definitions between “BOC Hong Kong Group” and “Group”, their financial results for the periods presented are substantially the same. This is because BOCHKG and BOC (BVI) are holding companies only and have no substantive operations of their own.

Second, the Group has prepared its interim financial information in accordance with HKFRSs; whereas the consolidated financial information reported to BOC is prepared in accordance with IFRSs and CASs respectively. There is a difference in the election of subsequent measurement basis of bank premises by the Group and by BOC respectively.

The Board considers that the best way to ensure that shareholders and the investing public understand the material differences between the interim consolidated financial information of the Group published by the Company on the one hand, and the consolidated financial information of BOC Hong Kong Group disclosed by BOC in its interim financial information on the other hand, is to present reconciliations of the profit after tax/net assets of the Group prepared under HKFRSs to the profit after tax/net assets of the Group prepared under IFRSs/CASs respectively for the periods presented.

The major differences which arise from the difference in measurement basis relate to the following:

(a) Restatement of carrying value of bank premises

The Company has elected for a revaluation model rather than cost model to account for bank premises under HKFRSs. On the contrary, BOC has elected for the cost model for bank premises under IFRSs and CASs. Therefore, adjustments have been made to the carrying value of bank premises as well as to re-calculate the depreciation charge and disposal gain/loss under IFRSs and CASs.

(b) Deferred tax adjustments

These represent the deferred tax effect of the aforesaid adjustments.
