Agenda

- **■**Key Performance Highlights
- **■**Financial Results
- **■**Outlook

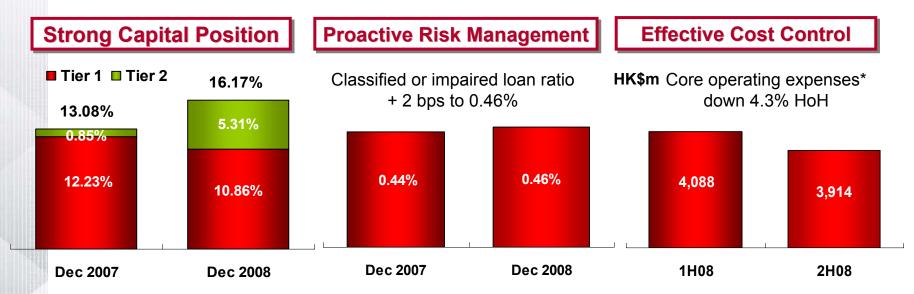

Operating Environment

- Intensified financial crisis and global economic downturn posed an unusually challenging operating environment
- Global financial system under severe strain, particularly in the second half of 2008
- More apparent signs of deterioration in local economy in 2H08 with rising unemployment and lower GDP growth

Management Focus in 2008

To fortify the Group's financial strength amid a highly challenging and volatile environment

- Sub-loan issues enhanced capital base and optimized capital structure
- Strong total and core CAR provides greater operating flexibility
- Continued to optimise the risk exposure of our balance sheet
- Maintained strong average liquidity ratio of 41.7%
- Effective cost control in 2H08; core expenses* down 4.3% HoH
- Full year core expenses* only grew 2.9 % YoY, with below market average CIR of 31.3%

^{*} Excluding expenses mainly related to the Lehman Minibonds

Outlook – Operating environment

- Global financial markets will remain extremely difficult and highly volatile while extensive government measures are introduced to deal with the economic downturn
- Underlying economies around the world may continue to shift with unpredictable magnitude and pace
- Local financial system remains sound but the financial crisis will reshape the banking industry landscape

Our Focus

Fortifying our strengths and mitigating risks

- Building on financial strength: maintain a strong balance sheet with healthy capital base, sound liquidity position and strong deposit base
- Mitigating risks: fortify risk management to further reduce risks and threats
- Streamlining costs: continue to focus on efficiency and cost control and invest judiciously in accordance with our strategic priorities

Our Focus

Growing on core strengths and new opportunities

- Realign our strategies in a new environment and build on our strong franchise in traditional banking businesses
- Enhance our business capabilities and operating efficiency to better position for market recovery
- Further enhance collaborative synergies between BOCHK and BOC for exceptional growth potential
- Well positioned to capture rising opportunities from expanding scope of RMB businesses in Hong Kong
