NEW ANTI-SCAM TOOL  
MONEY SAFE

請向銀行查詢 為存款加強保護  
*Please contact your bank to add protection to your deposits*

HONG KONG MONETARY AUTHORITY  
香港金融管理局

The advertisement features a central image of a sage with a long white beard and a traditional white robe with blue trim, standing with arms outstretched behind a large, ornate wooden treasure chest. The chest has intricate carvings and a large metal padlock. The background is a lush green forest with soft, ethereal light rays filtering through the trees. The entire scene is framed by a gold border.

Money Safe is a scam prevention tool launched by the Hong Kong Monetary Authority (HKMA) and retail banks for personal customers. Like setting up a safe within bank accounts, Money Safe allows you to add an extra layer of protection for deposits, shielding your funds from fraud and unauthorized access.

Bank of China (Hong Kong) ("BOCHK") has introduced the "Money Safe" deposit protection measure in response to the HKMA initiative. Customers can activate the service via BOCHK Mobile Banking, Internet Banking, or by visiting a branch in person. This service allows customers to lock a portion or the entirety of their deposits according to their needs, providing an additional layer of security for their funds.

For an introduction to the HKMA's "Money Safe" and details of BOCHK "Money Safe" service, please visit the following websites:
