

"Green 🌿 Gen Z" Internship Program

中國銀行(香港)
BANK OF CHINA (HONG KONG)

深知 所以更近
Understanding Brings Us Closer

Programme Objective

Bank of China (Hong Kong) Limited (“BOCHK”) has always been committed to promoting Environmental, Social, and Governance (ESG) principles, while caring about the growth and development of the young talent. This year BOCHK offers a unique internship opportunity with the theme of “Sustainable Development” for university students to delve into the world of ESG. The internship program aims to enhance the awareness and significance of ESG principles among the younger generation. It also strives to equip the youth with a passion for sustainable development in the finance industry by providing them with comprehensive knowledge and invaluable practical experience in the field of ESG.

Programme Highlights

During the 8-week internship, BOCHK will provide you with a diverse and comprehensive training program. Here are some highlights of the programme:

ESG Expertise

Learn about the latest trends and practical case studies in the application of ESG concepts of the banking industry

Project Involvement

Engage in ESG-related projects such as green technology implementation, community voluntary work programs etc

Skill Development

Develop a diverse skill set including ESG analytics, stakeholder communication, and ethical decision-making

Future-Ready Experience

Prepare for the future of work where ESG considerations are at the forefront

Coaching and Mentorship

Receive guidance and advice from experienced mentor/buddy on your professional growth and development in banking industry
