Staff Dedication and Experience

The Bank places great importance on staff quality as a critical success factor. Each of our key custody managers in charge has minimum 20 years of actual experience in cross-border custody services; the team is thus one of the most experienced in town. Apart from the assignment of a dedicated Relationship Manager to each of our clients, there is also a highly professional customer services team working extended hours to attend to clients in different locations and time zones.

Risk Management

The Bank has implemented highly stringent internal controls and risk management procedures which are in line with international and local standards. We would stand ready to share more details with you in this regard.
