The Annualized Percentage Rate ("APR") is 1.85%, without handling fee. APR offer as low as 1.85% (Calculated based on a loan amount of HK\$1,500,000 or above with repayment tenor of 12 months and monthly flat rate of 0.0830%, with handling fee waiver) is applicable to the selected customers group, such as BOCHK Private Wealth Customer. The rate for individual customers may vary, if customer's loan application cannot meet our approval requirements, BOCHK may approve a loan to individual customers on a case-by-case basis but the interest rate offered may be adjusted. Customers will be notified of the relevant adjusted interest rate upon loan approval.
 - In the example of Loan Top up:
The quoted interest rate is calculated based on a loan amount of HK\$1,500,000 with repayment tenor of 12 months and monthly flat rate of 0.1227%. The APR is 3.70%, including an annual handling fee of 0.5%.
 - In the example of Balance Transfer:
The quoted interest rate is calculated based on a loan amount of HK\$500,000, a repayment tenor of 72 months and a monthly flat rate of 0.3162%, and thus the APR is 9.63%, including an annual handling fee of 1%.
The APR is calculated according to the guidelines laid down in The Hong Kong Association of Banks. An APR is a reference rate which includes the basic interest rates and other fees and charges of a product expressed as an annualised rate. For loan and offer details, rates, handling fee, APR, terms and conditions, please refer to BOCHK website Home> Loan> Personal Loan> BOC Express Cash Instalment Loan / BOC Express Cash Instalment Loan Top up/ BOC Express Cash Instalment Loan Balance Transfer for the "Key Facts Statement (KFS) for Instalment Loan" or contact our staff. The credit rating of each customer must fulfill the requirements of BOCHK.
- BOCHK reserves the right of final decision on any Loan application. BOCHK reserves the right to decide whether to accept or reject the application with reference to the applicant's credit report and the information provided by the applicant. The applicant is not required to provide any reason for the rejection of the application. If necessary, BOCHK reserves the right to request the applicant to provide extra documents for further approval purposes. The Loan is subject to the terms set out in the Loan document signed between the Loan applicant and BOCHK.
- Early Settlement Fee
Upon early settlement of the Loan, outstanding interest and principal shall be calculated on the basis of "Reducing Balance Method". The Borrower shall pay an early settlement fee which is 2% of the approved principal amount of the loan. BOCHK may at its discretion adjust the early settlement fee at any time.
Please note that different loan products have an individual calculation of the apportionment of the interest and principal even though the monthly repayment amount is equal. More interest will, in general, be included in earlier repayments, and less on principal. In other words, where a borrower has been making repayments as scheduled for some time, the amount of outstanding interest is likely to be small. If the borrower chooses to pay off the loan early at this moment, the loss may outweigh the gain as the amount saved may not be enough to cover the relevant charges for early repayment. You are suggested to make enquiries to BOCHK for the total settlement amount (including the loan outstanding amount, early settlement/redemption fee and other incurred fee(s)) and unpaid interest. You may visit our BOCHK website Home> Loan> Personal Loan> BOC Express Cash Instalment Loan / BOC Express Cash Instalment Loan Top up/ BOC Express Cash Instalment Loan Balance Transfer to refer to Instalment Loan Calculator and Repayment Schedule, for details of apportionment of interest and principal for each loan repayment throughout the loan tenor, the method of apportionment and the incurred fee(s). You are advised to make comparison and consider thoroughly before deciding whether to choose an early repayment.

Risk Disclosure

The following risk disclosure statements cannot disclose all the risks involved and does not take into account any personal circumstances unknown to BOCHK. You should undertake your own independent review and seek independent professional advice before you trade or invest especially if you are uncertain of or have not understood any aspect of the following risk disclosure statements or the nature and risks involved in trading or investment. You should carefully consider whether trading or investment is suitable in light of your own risk tolerance, financial situation, investment experience, investment objectives, investment horizon and investment knowledge.

Risk Disclosure of Securities Trading

Risk of Securities Trading

Monthly Stocks Savings Plan is not equivalent to, nor should it be treated as a substitute for, time deposit. The prices of securities fluctuate, sometimes dramatically. The price of a security may move up or down, and may become valueless. It is as likely that losses will be incurred rather than profit made as a result of buying and selling securities.

Risk of Securities Margin Trading

The risk of loss in financing a transaction by deposit of collateral is significant. You may sustain losses in excess of your cash and any other assets deposited as collateral with the licensed or registered person. Market conditions may make it impossible to execute contingent orders, such as "stop-loss" or "stop-limit" orders. You may be called upon at short notice to make additional margin or interest payments. If the required margin or interest payments are not made within the prescribed time, your collateral may be liquidated without your consent. Moreover, you will remain liable for any resulting deficit in your account and interest charged on your account. You should therefore carefully consider whether such a financing arrangement is suitable in light of your own risk tolerance, financial situation, investment experience, investment objectives, investment horizon and investment knowledge.

You are reminded to understand the relevant details, risks, charges and important notes before investing in Shanghai A shares or Shenzhen A shares. For details, please read the "Important Notice of Trading China A Shares and A Shares Margin Trading via Shanghai-Hong Kong Stock Connect and Shenzhen- Hong Kong Stock Connect" in BOCHK's website or the branch staff of BOCHK.

Risk of Foreign Currency Trading

Foreign currency investments are subject to exchange rate fluctuations which may provide both opportunities and risks. The fluctuation in the exchange rate of foreign currency may result in losses in the event that customer converts the foreign currency into Hong Kong dollar or other foreign currencies.

RMB Conversion Limitation Risk

RMB investments are subject to exchange rate fluctuations which may provide both opportunities and risks. The fluctuation in the exchange rate of RMB may result in losses in the event that the customer converts RMB into HKD or other foreign currencies. RMB is currently not fully freely convertible. Individual customers can be offered CNH rate to conduct conversion of RMB through bank accounts and may occasionally not be able to do so fully or immediately, for which it is subject to the RMB position of the banks and their commercial decisions at that moment. Customers should consider and understand the possible impact on their liquidity of RMB funds in advance.

Important Notice of US Securities
