Loan Top up / BOC Express Cash Instalment Loan Balance Transfer Top Up or any loan application on or before 6 June 2020 for BOC Express Cash Instalment Loan online application with instant approval service.)

(ii) "Reducing Balance Method" : The Borrower shall also pay an early settlement fee which is 2% of the approved principal amount of BOC Express Cash Instalment Loan/ Balance Transfer. BOCHK may at its discretion adjust the early settlement fee at any time.

(iii) "Rule of 78" : The Borrower shall also pay an early settlement fee which is 2% of the approved principal amount of the Loan; 1.5% of the amount of the approved Loan for balance transfer (in accordance with the Terms and Conditions of BOC Express Cash Instalment Loan Balance Transfer) per annum for the remaining years of the Loan Period (any part of a year shall be rounded up to a year). BOCHK may at its discretion adjust the early settlement fee at any time.

(iv) Please note that different loan products have an individual calculation of the apportionment of the interest and principal even though the monthly repayment amount is equal. The loan tenor, more interest will, in general, be included in earlier repayments, and less on principal. In other words, where a borrower has been making repayments as scheduled for some time, the amount of outstanding interest is likely to be small. If the borrower chooses to pay off the loan early at this moment, the loss may outweigh the gain as the amount saved may not be enough to cover the relevant charges for early repayment. You are suggested to make enquiries to BOCHK for the total settlement amount (including the loan outstanding amount, early settlement/redemption fee and other incurred fee(s)) and unpaid interest. You may visit our webpage Home>Loan>Personal Loan> BOC Express Cash Instalment Loan to refer to Instalment Loan Calculator and Repayment Schedule, for details of apportionment of interest and principal for each loan repayment throughout the loan tenor, the method of apportionment and the incurred fee(s). You are advised to make comparison and consider thoroughly before deciding whether to choose an early repayment.

If the required margin or interest payments are not made within the prescribed time, your collateral may be liquidated without your consent. Moreover, you will remain liable for any resulting deficit in your account and interest charged on your account. You should therefore carefully consider whether such a financing arrangement is suitable in light of your own risk tolerance, financial situation, investment experience, investment objectives, investment horizon and investment knowledge.
