Rise Insurance Plan II (5)

China Life Insurance (Overseas) Company Limited (“China Life (Overseas)”) specially presents “Rise Insurance Plan II (5)” (the “Plan”) that integrates financial management and life protection in one. It provides guaranteed maturity benefit at policy maturity and helps satisfy your financial goals.

Plan Features

2-year premium payment term with 5-year life protection

By paying premium for 2 years¹, you can enjoy life protection for 5 years. You may pay your premium in monthly (applicable to HKD and USD policy), annual or annual and premium prepayment² mode. If you choose the annual and premium prepayment option² to prepay the premium to boost your return, you can enjoy a guaranteed interest rate of 5% (applicable to HKD policy) or 5.25% (applicable to USD policy) or 3% (applicable to CNY policy) per annum.

Guaranteed maturity benefit

The Plan offers a benefit term of 5 years. You are guaranteed to receive a guaranteed maturity benefit equivalent to guaranteed cash value upon policy maturity less any indebtedness (if any), enabling you to accumulate wealth steadily.

Life protection

In the unfortunate event of the death of the insured whilst the policy is in force, a death benefit is payable to the beneficiary. The amount is equivalent to 101% of the accumulated premiums due and received of the basic plan at the date of death of the insured, or the guaranteed cash value of the basic plan at the date of death of the insured (whichever is higher) less any indebtedness (if any).

The prepaid premium balance and its interest (if any) will also be returned to the beneficiary without any fee.

Simplified underwriting

To enable you to achieve your goal with ease, application of the Plan is easy. Simplified underwriting procedures are provided and no medical underwriting is required.

- there is no withdrawal and no indebtedness throughout the benefit term and that all premiums are paid in full when due.

Please refer to the proposal document for further details.

Remarks: Policyholder is subject to the credit risk of China Life (Overseas). If policyholder terminates and/or surrenders the Plan in the early policy stage, the amount of the benefit he/she will receive may be considerably less than the total amount of premiums paid.

Remarks:

- ¹ If the required renewal premium is paid by you within the grace period, the policy shall continue to be in force. For details, please refer to the policy provisions issued by China Life (Overseas). If the policy is lapsed or surrendered early, the policy cash value received by you may be considerably less than the total amount of the premium paid.
- ² If you choose the annual and premium prepayment option, the interest rate of prepaid premium is 5% (applicable to HKD policy) or 5.25% (applicable to USD policy) or 3% (applicable to CNY policy) p.a. and this interest rate is guaranteed. If you withdraw the unused prepaid premium (including interest, if any) at one time or upon surrender of the policy, China Life (Overseas) will charge 3% of the withdrawal amount, at a minimum amount of HKD200 (applicable to HKD policy) or USD25 (applicable to USD policy) or CNY160 (applicable to CNY policy). You can withdraw the unused prepaid premium once only.
- ³ Basic amount means the amount shown on the policy information page as the “basic amount” (or as amended by endorsement from time to time). The “basic amount” is used to calculate premium and guaranteed cash value but it is not applicable to the calculation of the “death benefit”. If the basic amount has been amended while the policy is in force, the said premium and guaranteed cash value will be adjusted accordingly.
- ⁴ If you choose to issue the policy in USD and pay the premium annually or monthly, the relevant premiums and levies can only be settled in HKD accounts. However, you must be aware that if the policy is issued in USD and you choose to pay the relevant amount in HKD, fluctuations in the exchange rate will affect the related amount, including payment of premiums and levy.

What are the key product risks?

Credit risk:

The Plan is a life insurance policy issued by China Life (Overseas). Any premium paid will become part of our assets and our financial strength will affect our ability to meet our contractual obligations to you under the policy. Therefore, you are subject to our credit risk.

Early surrender risk:

The savings component of the plan is subject to risks and possible losses. Should you surrender the policy early, you may receive an amount considerably less than the total amount of premiums paid.

Exchange rate and currency risks:

Any policy with foreign currencies involves risks, such as potential changes in political or economic conditions that may substantially affect the price or liquidity of a currency. The fluctuations in exchange rates may also cause financial losses to you during currency conversions. You should take exchange rate risk into consideration when deciding the policy currency.

The policy currency of the plan offers HKD, USD and CNY. Currency exchange rate can go up and down. CNY and USD policy is subject to exchange rate risk. If the policy currency is USD or CNY but calculated in HKD, premiums, fees and charges (if applicable), account value/ surrender value and other benefits payable under CNY or USD policy will vary with the exchange rate. China Life (Overseas) will base on the prevailing market-based exchange rate of that respective currency to the policy currency and / or from the relevant sources at the time of processing such conversion, which will be subject to change from time to time. Such exchange rate may be different from the exchange rate offered by the Bank. The fluctuation in exchange rate may result in losses if a customer chooses to pay premiums in HKD, or requests China Life (Overseas) to pay the account value/ surrender value or other benefits payable in HKD, for CNY or USD policy.

CNY Conversion Limitation Risk – CNY Insurance are subject to exchange rate fluctuations which may provide both opportunities and risks. The fluctuation in the exchange rate of CNY may result in losses in the event that the customer converts CNY into HKD or other foreign currencies. (Only applicable to Individual Customers) CNY is currently not fully freely convertible. Individual customers can be offered CNH rate to conduct conversion of CNY through bank accounts and may occasionally not be able to do so fully or immediately, for which it is subject to the CNY position of the banks and their commercial decisions at that moment. Customers should consider and understand the possible impact on their liquidity of CNY funds in advance.

Inflation risk:

The cost of living in the future may be higher than expected due to the effects of inflation. Therefore, your current projected benefits and / or returns may be insufficient to meet your future needs even if China Life (Overseas) fulfils all of our contractual terms and obligations.

Liquidity and withdrawal risk:

You are expected to keep the policy and pay the premium(s) for the designated period of time. If you decide to make fully or partially surrender before policy maturity, you may receive an amount less than the premium paid and suffer from a significant loss. In case you make partial withdrawals from the policy, your policy value, death benefit and other policy benefits will be affected, and you may need to pay the relevant fee or charges (if any).

Non-payment of premium / automatic premium loan / Risks of applying for policy loans:

You should pay premium(s) on time according to the selected premium payment term. If the due premium(s) remains unpaid upon the expiry of the grace period, an automatic premium loan will be taken out against the policy to settle the unpaid premium automatically. Besides, where the policy has cash value, the policyholder may apply to the Company for a policy loan (not applicable to CNY policy). All automatic premium loan or policy loans are interest-bearing and calculated at a rate (as stated on China Life (Overseas)'s website www.chinalife.com.hk) to be declared by us from time to time. Interest accrued shall become a part of the indebtedness. Once the policyholder fails to pay the loans and interest, where the total amount of the indebtedness is equal to or exceeds the guaranteed cash value of the basic plan of the policy, the policy will be terminated and you will lose the related benefits and suffer a substantial financial loss. Under these circumstances, the surrender value of the policy will be deducted to repay the outstanding loan balance (including interest), and the remaining value will be refunded to you.

Exclusions and limitations:

The information stated in this product brochure is for reference only. Please refer to the "general provisions" and "benefit provisions" for the exact terms and conditions and limitations such as incontestability, suicide and fraud, etc. or all exclusions, or call China Life (Overseas) customer service hotline at (852) 3999 5519 for details.

Policy termination:

The policy will be terminated if (a) the policy is surrendered by the policyholder; or (b) China Life (Overseas) has fully paid the maturity benefit; or (c) China Life (Overseas) has paid the death benefit in full; or (d) the due premium has not been paid within 31 days after the premium due date, and the policy has no remaining guaranteed cash value; or (e) the indebtedness of the policy is equal to or exceeds the guaranteed cash value of the policy.

Effective from 1 January 2018, all policyholders are required to pay a levy on each premium payment made for both new and in-force policies to the Insurance Authority (the "IA"). For premium levy details, please visit China Life (Overseas)'s website at www.chinalife.com.hk or contact our customer service hotline at (852) 3999 5519 or visit IA's website at www.ia.org.hk
