

## **Risk Disclosure, Important Notice and Disclaimer**

### **Risk Disclosure / Important Notice**

Risk Disclosure of Foreign Currency Trading: Foreign currencies/ RMB products are subject to exchange rate fluctuations which may provide both opportunities and risks. The fluctuation in the exchange rate of foreign currencies/ RMB may result in losses in the event that the customer converts the foreign currencies/ RMB fund into Hong Kong dollar or other foreign currencies.

RMB Conversion Limitation Risk: RMB investments are subject to exchange rate fluctuations which may provide both opportunities and risks. The fluctuation in the exchange rate of RMB may result in losses in the event that the customer converts RMB into HKD or other foreign currencies.

(Only applicable to Individual Customers) RMB is currently not fully freely convertible. Individual customers can be offered CNH rate to conduct conversion of RMB through bank accounts and may occasionally not be able to do so fully or immediately, for which it is subject to the RMB position of the banks and their commercial decisions at that moment. Customers should consider and understand the possible impact on their liquidity of RMB funds in advance.

(Only applicable to Corporate Customers) RMB is currently not fully freely convertible. Corporate customers that intend to conduct conversion of RMB through banks may occasionally not be able to do so fully or immediately, for which it is subject to the RMB position of the banks and their commercial decisions at that moment. Customers should consider and understand the possible impact on their liquidity of RMB funds in advance.

Although investment may bring profit opportunities, however each investment product or service involves potential risks. Due to dynamic changes in the market, the price movement and volatility of investment product may not be the same as expected by customers. Customers' fund may increase or reduce due to the purchase or sale of investment product. The loss incurred from investment maybe the same or greater than initial investment amount, proceeds may also change accordingly. Part of the investment may not be able to liquidate immediately under certain market situation.

Past performance is not indicative of future performance.

Before making any investment decisions, you should consider your own financial situation, investment objectives and experiences, risk acceptance and ability to understand the nature and risks of the relevant product. For the nature and risk disclosures of individual investment products, you should read carefully the relevant offering documents for details. If any doubt, you should seek independent professional advice before placing orders.

The investment decision is yours but you should not invest in any investment product unless the intermediary who sells such investment product to you has explained to you that such product is suitable for you having regard to your financial situation, investment experience and investment objectives.

Investment involves risks. It is as likely that losses will be incurred rather than profit made as a result of buying and

selling securities, commodities, foreign exchanges, derivatives or other investments. The price of a security may move up or down, and may become valueless. Past performance is not necessarily indicative of future performance. Foreign investments carrying additional risks is not generally associated with investments in the domestic market, including but not limited to adverse changes in currency rate, foreign laws and regulations. The video and commentary do not and are not intended to identify any or all of the risks that may be involved in the securities or investments referred to herein. Investors should read and fully understand all the offering documents related to such securities or investments and all the risk disclosure statements and risk warnings therein before making any investment decisions.
