

**Notice of registering E-mail and Mobile for Designated
Investment Transaction**

From 22nd July, 2018, if customers have not registered a valid e-mail address and mobile phone number to receive prompt transaction notification, you will not be able to conduct "Designated Investment Transaction" through Internet or Mobile banking by using "Mobile SMS One-time Password". Customers still can conduct "Designated Investment Transaction" through Internet or Mobile banking by other BOCHK Two-factor Authentication Tools, such as "Mobile Token" or "Security Device", or through the Investment Trading Hotline or branches.

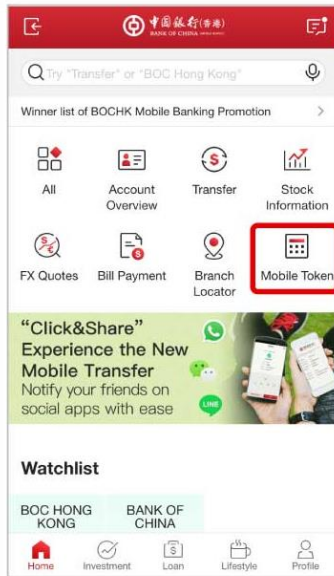

"Designated Investment Transaction" includes

- Securities and IPO Stocks Services
- Investment Fund Services
- Monthly Saving Plan (Securities & Funds)
- Debt Securities /Certificates of Deposit
- Precious Metal/FX Margin
- Precious Metal
- Currency Linked Investments
- Structured Investments
- Investment Deposit

Please update your personal information through internet banking, by choosing "**Setting**" – "**Change Personal Information**", and confirm the change via "**Security Device**" or "**Mobile Token**", or fill in the "Contact Information Amendment Form (Personal Customer)", mail or pass to any BOCHK branch to update your information.

BOCHK Two-factor Authentication Tools

Risk Disclosure:

The following risk disclosure statements cannot disclose all the risks involved and does not take into account any personal circumstances unknown to BOCHK. You should undertake your own independent review and seek independent professional advice before you trade or invest especially if you are uncertain of or have not understood any aspect of the following risk disclosure statements or the nature and risks involved in trading or investment. You should carefully consider whether trading or investment is suitable in light of your own risk tolerance, financial situation, investment experience, investment objectives, investment horizon and investment knowledge.

Risk of Securities Trading:

The prices of securities fluctuate, sometimes dramatically. The price of a security may move up or down, and may become valueless. It is as likely that losses will be incurred rather than profit made as a result of buying and selling securities.
