In which case, you shall be deemed conclusively to have accepted all the matters contained in such statements and Confirmations without any further proof that the relevant accounts and all entries therein and the execution of all Transactions are correct and we shall be free from all claims in respect of the relevant Account, and all such Transactions.

- 2.3 Right to reverse entry: Without prejudice to the above, we may at any time and in our absolute discretion, without prior notice to you, reverse entries which relate to instruments or items which are returned to us unpaid or arise by reason of operational error on our part or other person and may correct errors made in any statement or Confirmation.
- 2.4 Electronic statements and Confirmations: We may provide you with any document contemplated under Clause 2.1 by posting it at a secure location on our website accessible by your password. You will read them without delay. Records will only be retained in our system or website for the period determined by us. You are regarded as having received a communication when it is dispatched by our system or posted on our website.

3 Payments

- 3.1 Payment on due date or on demand: Any payment or delivery from you to us shall be made promptly to, or to our order, on the due date as specified in each Confirmation or any other document, (subject to our right to require payment on demand), in the currency in which it is due (unless otherwise required by us). All such payments shall be made in full in immediately available and freely transferable funds without set-off, counterclaim or any restriction or condition, free and clear of and without deduction of any taxes, charges or fees of any nature now or hereafter imposed or however arising.
- 3.2 Deduction or withholding: If at any time, a law requires you to make any deduction or withholding from any payment due from you to us, you shall pay us such amount as may be necessary to ensure that we receive a net amount equal to the amount which we would have received had no such deduction or withholding been required or made. You agree to pay the relevant deducted or withheld amount to the relevant authority in accordance with applicable law and give us the original receipts.
- 3.3 Payment in stipulated currency: Your payment obligation shall not be discharged by an amount paid in a currency other than that in which payment is due ("**Stipulated Currency**") (whether pursuant to a judgment or otherwise) to the extent that the amount so paid, on prompt conversion to the Stipulated Currency, does not yield the amount due in the Stipulated Currency. You shall indemnify us against any Stipulated Currency deficiency and in respect of all other losses (including but not limited to the cost of making any currency purchase or exchange) which we may incur or suffer, provided always that we shall not be obliged to make such purchase or exchange and it shall be sufficient for us to show that it would have suffered the Stipulated Currency deficiency had an actual purchase or exchange been made.
- 3.4 Void payment: Any discharge of you or any Security Provider by us shall be deemed to be made subject to the condition that it will be void to the extent that any security, disposition or payment to us by you or such Security Provider or any other person is set aside, avoided or reduced pursuant to any provision or enactment relating to the dissolution, deregistration, bankruptcy, liquidation, reorganization or otherwise of you, such Security Provider or such other persons (whether as fraudulent preference or otherwise) or proves otherwise to have been invalid, in which event, you and such Security Provider shall make good us upon demand such amount as shall have been set aside, avoided or invalidated as aforesaid and we shall be entitled to enforce these indemnities against you or such Security Provider subsequently as if such discharge to the extent the aforesaid has not occurred.
- 3.5 Currency conversion: In order to pay the proceeds of any Transactions, instruments or other transfer to an account denominated in a different currency and for the settlement and facilitation of your investment and other Transactions, we may convert the proceeds into a currency and in a manner we consider appropriate at our prevailing rate of exchange (whether by one or multiple conversion(s), after combination, set-off or transfer or otherwise). We shall have no responsibility for or liability to you for any diminution in the value of the monies due to such conversion or unavailability of such monies due to restrictions on convertibility or of any other Force Majeure Events. In addition, if a currency's country of origin restricts availability, credit or transfers of such currency, we will have no obligation to pay you the funds in your Account in such currency, whether by way of draft or cash in the relevant currency or any other currency, and we shall be deemed to have satisfied any payment obligation to you by making payment in such other currency as we deem fit, at the prevailing exchange rate, or if no such exchange rate is available, at such exchange rate as we may in our absolute discretion deem reasonable.
- 3.6 Payment screening: We are required to act in accordance with applicable laws, regulations and request of statutory and regulatory authorities operating in various jurisdictions. These relate, amongst other things, to the prevention of money laundering, terrorist financing, the provision of financial or other services to any persons which may be subject to sanctions and other types of restricted activities. We may in our absolute discretion take any action as we consider appropriate to comply with all such laws, regulation and requests. Such action may include but is not limited to the interception and investigating of any payment messages and other information or communications sent to or by you; to or from your Account and making further enquires as to whether a name which might refer to a sanctioned person actually refers to that person. We may delay, block, suspend or refuse to process any payment or instruction as we determine in our absolute discretion. We shall not be liable for any loss (whether direct or consequential and including without limitation, loss of profit or interest) or damage suffered by you or any person arising out of (a) any delay or failure by us in processing any such payment messages or other information or communications, or in performing any our duties or other obligations in connection with the provisions of any Services to you, caused in whole or in part by any steps which we, in our absolute discretion, consider appropriate to take in accordance with all such laws, regulations and requests; or (b) the exercise of any of our right under this Clause.
- 3.7 Payment to your Account: A sum or item received for your Account may not be drawn against or used and does not earn interest (if the same is credited into your interest bearing account) until we have unconditionally received cleared funds. Inward remittances to any account held with us may not be credited to such account on the same day if the relevant payment advice is not received by us before the relevant cut-off time set by us from time to time. No interest will accrue on inward remittances before the funds are credited into your interest bearing account with us. Information on our current cut-off time shall be made available upon request. We may at any time reverse any entry if the sum or item or part thereof is not actually received. For certain accounts, we will pay interest on your credit balance. Notwithstanding the foregoing, we may apply negative interest rate over credit balance. Interest (including negative interest) will be calculated at the rate, and be credited to or debited from (as the case may be) your account at the time, determined by us from time to time. Different currencies may have different rates. Interest will be calculated for each day over a 360 or 365 day year according to our practice for the relevant currency, as follows:

- a. for Hong Kong dollars, Pound Sterling and Singapore Dollar: 365-day year; and
- b. for other currencies: 360-day year.

If an account is closed before a date for crediting or debiting interest, we may pay or debit (as the case may be) interest up to the preceding month or up to any date chosen by us.

- 3.8 Payment netting: If on any date amounts would otherwise be payable, (a) in the same currency and (b) in respect of one of more Transactions, by each party to the other, then on such date (if we so select at our absolute discretion), each party's obligation to make

payment of any such amount will be automatically satisfied and discharged and (if the aggregate amount that would otherwise have been payable by one party exceeds the aggregate amount that would otherwise have been payable by the other party) replaced by an obligation upon the party by whom the larger aggregate amount would have been payable to pay to the other party the excess of the larger aggregate amount over the smaller aggregate amount.

- 3.9 Payments will be made to you subject to applicable laws, regulations, directives and Obligations (as defined in Clause 8.2 below) and any required deduction or withholding. You confirm that you have (or will at the relevant time have) provided notice to and secured consent or waiver from any person owning a beneficial interest in such payments in respect of the aforesaid deduction or withholding. We are authorized to pay the amount deducted or withheld to the relevant authority in accordance with the relevant requirement.
- 3.10 Remittances: The Bank's remittance services are subject to the Conditions for Remittance (as the same may be amended from time to time). By requesting and authorizing us to effect any remittance application or request submitted by you, you are deemed to have accepted and agreed to be bound by the Conditions for Remittance. The Conditions for Remittance are available on the Bank's website, in any of the Bank's branches or such other channels as specified by us from time to time.

4 Internet banking / electronic banking

- 4.1 Electronic banking services (on the Internet, telephone, or other electronic network or devices as provided by us) allow you to access such Services as are provided by us on the relevant channel from time to time. Before accessing the Services through our electronic banking services, you confirm that you have appropriate equipment and facilities and agree to receive our electronic communications, which may be sent in lieu of paper or other communications. You acknowledge that (a) your instructions may be processed automatically by computers without oversight and (b) an accepted instruction may be rejected by reason of computer operations and you will check whether your instructions have been executed (as we will not notify you on any non-execution). If your instruction has not been accepted by our system for any reason (for example, after the relevant cut-off time), please try again. Our system will not reprocess your instruction automatically. Our system may process one piece of information in your instruction without checking if it conflicts with other information.
- 4.2 You agree not to access our electronic banking services except with an equipment (and software), appropriate electronic aids (such as passwords, test, codes or digital signatures) and in a communication format permitted by us, or for any purpose other than to access an available Service in a reasonable manner. You will ensure that the contents of a message sent by or on your behalf are not inconsistent with applicable law. You shall be fully responsible for and legally bound by all messages or instructions transmitted under your password and for entering into any Transactions and other consequences thereof whether or not such messages or instructions were authorized by you.
- 4.3 You agree to take reasonable steps keep any device (for example, personal computers, security devices that generate one-time passwords and smart cards that store digital certificates) or authentication factors (for example, password and authentication tokens) used for accessing electronic banking services secure and secret. This includes but not limited to the following: (a) you should destroy any original printed copy containing authentication factors; (b) you should understand the risks associated with the adoption of biometric, soft token or device binding as one of the authentication factors used for initiating relevant transactions (e.g. contactless mobile payments) and the relevant protection measures to secure the devices and authentication factors; (c) you should not allow anyone else to use your authentication factors; (d) you must never write down a authentication factor on any device for accessing electronic banking services or on anything usually kept with or near it; (e) you must not write down or record any authentication factor without disguising it; (f) you should notify us as soon as practicable after you identify unusual or suspicious transactions on your account(s); and (g) you should ensure that your contact details registered with us for the purpose of receiving important notifications from us (for example, SMS and email notifications for online payments) are up-to-date to allow relevant notifications to be delivered to you on a timely basis.
- 4.4 Electronic messages are treated as writing signed by the sender. Neither you nor we will contest the validity of a contract concluded by electronic messages on the grounds that it was so concluded. As between you and we, a contract concluded by electronic messages is concluded in Hong Kong and at the time when our final confirmation of your instruction is dispatched. If you do not receive a confirmation, you must check with us. If a re-confirmation has been requested from you, your instructions are not effective unless re-confirmed within time. Transactions and messages shown on or printed out from your computer or other equipment are for your reference only. If our liability in relation to any matter relating to or arising in connection with this Agreement or the provision or receipt of electronic messages or electronic banking is capable of limitation (but not indemnification or exclusion), it is hereby limited to the maximum extent that is permitted by law and our regulatory obligations.
- 4.5 Hyperlinks to other sites are provided for your convenience only. They are not our recommendation or endorsement of the other sites. We are not responsible for the contents of the other sites, and have not verified them. Making available any advertisements, marketing or promotional materials, market information or product information to you shall not, by itself, constitute solicitation of the sale or recommendation of any product.
- 4.6 Our website is hosted by us and is connected to the Internet via an independent service provider, who is not our agent and for whom we are not responsible. We will use reasonable care in selecting the service provider. Our website and the information on it may be changed by us at any time without notice. We will only record your visit by recording your domain name server address and the pages you visited. No personal information is collected unless otherwise specified.
- 4.7 Fees and charges applicable to electronic banking services are set out in the relevant fee schedule that is made available to you on our website.
- 4.8 If you believe that your access to electronic banking services has been compromised, including unauthorized transactions being undertaken on your behalf, or you have any complaint or query in relation to electronic banking services, you should notify us immediately. You will be liable for any transaction which has been undertaken on your behalf where such access arises due to your failure to meet the requirements set out in this Clause 4.
- 4.9 We may accept or reject an instruction received by our system that is not related to an available service on the relevant channel.
- 4.10 You will communicate with us in relation to a transaction through the same communication channel. We may use any channel.
- 4.11 You acknowledge that electronic instructions given by your password may be used to register any accounts for the purposes of an electronic banking service, so that such accounts may become accessible by electronic instructions.
- 4.12 You will not alter, circumvent or interfere with the operation of our services or website.
- 4.13 We may download information including identification data to your computer or equipment.

- 4.14 Electronic banking services provided by us via a particular channel shall also be subject to the terms and conditions of the relevant channel (if any). In particular, our Mobile Banking service shall also be subject to the terms and conditions of the Mobile Banking application as prescribed by us from time to time. If there is any inconsistency between these Terms and Conditions and the relevant terms and conditions (if any) for a particular channel, the latter shall prevail over these Terms and Conditions in respect of the relevant channel.

5 Joint Account

- 5.1 Right of survivorship: You acknowledge and agree that where the Account is opened in the name of more than one person, it shall be treated as a Joint Account with right of survivorship. Each Joint Account Holder shall be entitled individually and independently from the other(s) and without limitation to operate the relevant Joint Account. Unless otherwise agreed, we shall be entitled to deal separately with any one of the Joint Account Holders on any matter (including the variation or discharge of any liability to any extent, or the granting of time or other indulgence to, or making other arrangement with any Joint Account Holder) without prejudicing or affecting our rights, powers or remedies against other Joint Account Holders. Any obligation of us to notify the Joint Account Holders shall be discharged if we notify any one of them. However, any signing authority of the Joint Account can be varied only if authorized in writing by all the Joint Account Holders.
- 5.2 Joint and several liability: Each Joint Account Holder shall be the agent of the other Joint Account Holder, but the Joint Account Holders agree that each or all of them is/are responsible and liable separately and together (jointly and severally) for all liabilities and obligations under the Agreement. Such liabilities and obligations may also be discharged by set-off against any credit balance standing to the account of any of the Joint Account Holder held with us. This Clause 5 shall govern the legal relationship between the Joint Account Holders and us exclusively, irrespective of the internal relationship between the Joint Account Holders themselves and their successors, and regardless, in particular, of their respective rights of ownership of the assets in the Joint Account.
- 5.3 One set of statements: The Joint Account Holder agree to dispense with the giving to each of them of a separate statement in relation to the Joint Account and agree that all statements, advices and other correspondence from us regarding the Joint Account shall only be sent to the specified address of the specified Joint Account Holder as notified to us from time to time.
- 5.4 Each of the Joint Account Holders shall be bound by these Terms and Conditions, even though these Terms and Conditions may be invalid or unenforceable against any one or more of such persons by reason of fraud, forgery or otherwise (whether or not known to us).
- 5.5 These Terms and Conditions shall not be terminated by the death or incapacity of any of the Joint Account Holders or any other cause but shall remain in full force for the surviving Joint Account Holders. If any one of the Joint Account Holders shall die the Joint Account shall be treated as belonging to the surviving Joint Account Holders(s), without prejudice to any right that we may have under Clause 5.6 below. We may charge against the Joint Account all expenses (including reasonable legal fees) paid or incurred by us with respect to the transfer of the balance on the Joint Account to the Joint Account Holder(s).
- 5.6 You agree that (a) in the event of the death of any one or more of such persons, the credit balances in the Joint Account will be held to the order of the survivor(s) to the fullest extent permissible under any applicable law; (b) in the event of death, bankruptcy, liquidation or other legal incapacity of one or more of the persons, we shall have the right to set off any claims we have or may have against such person or persons howsoever incurred against any credit balance in the Joint Account and further, we shall have the right, in our absolute discretion, to freeze the Joint Account and refuse any dealings therewith or refuse to accept any instructions, whether in respect of the Joint Account, the Services or otherwise; and (c) any representations, warranties or other agreements made by you under the Agreement shall be made jointly and severally.

6 Collateral

- 6.1 Request for Collateral: Collateral may be required by us for certain Services. As security for the Total Liabilities and Obligations, you and/or the Security Provider shall maintain at all times sufficient Collateral as determined by us in our absolute discretion. We may require, from time to time, additional Collateral for the relevant Services.
- 6.2 Request for additional Collateral: In the event that the Collateral provided, in our absolute discretion, no longer sufficient to meet the level/amount required by us from time to time, we may take such action as we in our absolute discretion deem fit, including without limitation, realizing such part or all of the Collateral as we deem necessary to satisfy the Total Liabilities and Obligations without notice to or consent from you and/or the Security Provider. We also have the unrestricted right (but not the obligation) to conclude or close out such Transactions as we consider appropriate and off set all proceeds net of expenses against any outstanding amount, losses and costs resulting from such close out. You would be responsible solely and shall bear all losses and costs, whatsoever and howsoever, in respect of such close out and/or actions referred to above. You undertake to remit immediately to us an amount to cover any shortfall. Without prejudice to the foregoing, if we in our absolute discretion deem appropriate, we may require you or any Security Provider to provide additional Collateral acceptable to us to restore to the level/amount required by us from time to time.
- 6.3 Your duty: You shall, and procure that the Security Provider shall, immediately upon demand by us and at your expense (including with limitation, payment of any legal fees incurred by us), make, execute, do and perform all such further assurances, instruments, acts or things as we shall from time to time require to perfect, protect or enforce the Collateral or any part thereof and our title to the security thereby constituted or intended to be constituted by the Collateral; and to give effect to any of the rights conferred on us, including but not limited to any assignments and rights of subrogation. You shall not, and shall procure the Security Provider not to, sell, transfer, assign, encumber, pledge, create any further mortgage or charge over, dispose of or otherwise deal with the Collateral or any part thereof or any interest therein.
- 6.4 Our right: Notwithstanding that we may be appointed as a custodian, agent or otherwise act for all or part of the Collateral, we may upon the enforcement of our rights, sell, dispose of, realize or otherwise deal with the Collateral as your agent, mortgagee or pledgee thereof, as the case may be, as we may at our absolute discretion deem fit without incurring any liability whatsoever or howsoever in respect of any act done by us.

7 Set-off and consolidation of accounts

- 7.1 Continuing lien: All your monies, securities, assets and other property now hereafter held by us or to our order, whether with us, the Affiliates or our agent and whether in the same or different jurisdictions for your account (solely or jointly) and whether for safe custody or otherwise, and regardless of the currency, shall be subject to a continuing lien for the settlement of the Total Liabilities and Obligations.

- 7.2 **Right to retain:** We shall be entitled to retain and not repay any amount which is or may hereafter be owing from us to you or any money which we may hold, now or hereafter, for your account, whether on deposit or other account and regardless of the currency and until you have discharged in full the Total Liabilities and Obligations, and we may also apply any such amount against the Total Liabilities and Obligations.
- 7.3 **Set off and combination:** Without prejudice and in addition to any right of set off, combination of accounts, or other right to which we are otherwise entitled, we may, at any time at our absolute discretion, without prior notice to you, set off, sell or realize any or all of your monies, securities, assets and other property held by us or held to our order (whether or not we have a charge or lien over the same and including those provided by the Security Provider) in such manner as we think fit and combine, consolidate, merge, set off, transfer or apply any balance to which you are entitled (whether matured or not or contingent and in whatsoever currency) on your Account or other accounts and any other indebtedness owing by us, whether with us, the Affiliates or our agent and whether in the same jurisdiction, to you (**whether solely or jointly**) in or towards satisfaction of the Total Liabilities and Obligations and we are hereby authorized to effect any necessary currency conversions at our prevailing exchange rate. Notwithstanding the foregoing, in the case of an Event of Default associated with insolvency, any credits to you shall be deemed to have been automatically set off against the Total Liabilities and Obligations. For the purpose of cross-currency set-off, we may convert any amount or obligation at the applicable market exchange rate determined by us at the relevant date. If an obligation is unascertained, we may estimate that obligation and set off in respect of the estimate, subject to the relevant party accounting to the other when the obligation is ascertained.
- 7.4 **Joint Accounts:** Without limitation to Clause 7.3, where your Account is held jointly, we are entitled to exercise our right to set off or combination by transferring any balances standing to the Account to set off any amounts owing by any Joint Account Holder(s) to us.
- 7.5 **Prompt notice:** You shall be promptly informed upon the exercise of our right of set off.

In the absence of any request from you to so exchange obligations, we may (but is not bound to) in our absolute discretion as we deem fit (i) exchange matured obligations under the relevant FX Transaction or Currency Option Transaction for future obligations for such amount, duration and costs and subject to and upon such other terms and conditions as we may in our absolute discretion impose and we may credit or, as the case may be, debit the relevant account for trading in FX Transactions or Currency Option Transactions accordingly; (ii) deem you to have entered into an offsetting spot contract with us immediately prior to the maturity of any FX Transaction or Currency Option Transaction, or (iii) consider each FX Transaction or Currency Option Transaction and deal with the matter in such manner as we may, in our absolute discretion, consider appropriate.

If the currency exchange rate specified in the applicable Settlement Rate Option is published or announced by more than one price source and the price source referred to in such Settlement Rate Option fails to publish or announce that currency exchange rate on the Valuation Date (or, if different, the day on which rates for that date would, in the ordinary course, be published or announced by such price source), then the Spot Rate for that Valuation Date will be determined by us using any other available price source which actually publishes or announces such currency exchange rate on such Valuation Date (or, if different, the day on which rates for that date would, in the ordinary course, be published or announced by the relevant price source) as the applicable Settlement Rate Option.

5.2 Official Successor Rate

If the currency exchange rate specified in the applicable Settlement Rate Option is reported, sanctioned, recognized, published,

announced or adopted (or other similar action) by the relevant Government Authority, and such currency exchange rate ceases to exist and is replaced by the Official Successor Rate, then the Spot Rate for the relevant Valuation Date will be determined by us in our absolute discretion.

6 DISRUPTION

- 6.1 Notwithstanding anything to the contrary in this Annex A, upon the occurrence of a Disruption Event, we shall determine the Settlement Rate or manner of settlement taking into account all available information that it deems relevant. We shall, as soon as practicable following the occurrence of the relevant event or circumstance, notify you of such alternative basis for the determination of the Settlement Rate or manner of settlement, as the case may be.

7 NETTING

- 7.1 With respect to Currency Option Transactions the parties agree that any Call Option or any Put Option written by a party will automatically be terminated and discharged, in whole or in part, as applicable, against a Call Option or a Put Option, respectively, written by the other party, such termination and discharge to occur automatically upon the payment in full of the last Premium payable in respect of such Currency Option Transactions; provided that such termination and discharge may only occur in respect of Currency Option Transactions:

In the case of a partial termination and discharge of a Currency Option Transaction (as where the relevant Currency Option Transactions are for different amounts of the same Currency Pair), the remaining portion of such Currency Option Transaction shall continue to be a Currency Option Transaction.

- 7.2 The parties agree that with respect to FX Transactions and Currency Option Transactions which have been exercised, we may at anytime elect in respect of two or more such Transactions that a net amount will be determined (in accordance with payment netting stipulated in the General Terms and Conditions) in respect of all amounts payable on the same date in the same currency in respect of such Transactions, regardless of whether such amounts are payable in respect of the same Transaction.

8 ADDITIONAL DISRUPTION EVENT PROVISIONS FOR OFFSHORE DELIVERABLE CHINESE RENMINBI FX AND CURRENCY OPTION TRANSACTIONS

8.1 ADDITIONAL DISRUPTION EVENT

Notwithstanding anything to the contrary in any applicable Annex, in the case of offshore Deliverable Chinese Renminbi FX and Currency Option Transaction, upon the occurrence of a CNY Disruption Event, as determined by us in our sole discretion (means any of CNY Illiquidity, CNY Inconvertibility or CNY Non-Transferability), we shall determine the Settlement Rate, Settlement Currency and/or other settlement terms taking into account all available information that it deems relevant. We shall, as soon as practicable following the occurrence of the relevant event or circumstance, notify you of such alternative basis for the determination of the Settlement Rate, Settlement Currency and/or other settlement terms, as the case may be.

8.2 DEFINITIONS

- a. **“CNY Illiquidity”** means the occurrence of any event that makes it impossible (where it had previously been possible) for a party to the Transaction to obtain a firm quote of an offer price in respect of an amount in CNY equal to the Notional Amount, a Fixed Amount, a Floating Amount, an Initial Exchange Amount, an Interim Exchange Amount, a periodical exchange amount, a Final Exchange Amount, a Call Currency Amount, a Put Currency Amount or any other amount to be paid under this Transaction (the **“Relevant Disrupted Amount”**), in each case on the relevant Settlement Date, Payment Date or Exchange Date (as the case may be), either in one transaction or a commercially reasonable number of transactions that, when taken together, is no less than such Relevant Disrupted Amount, in the general CNY exchange market in the Offshore CNY Centre in order to perform its obligations under this Transaction. For the avoidance of doubt, the inability for a party to obtain such firm quote solely due to issues relating to its creditworthiness shall not constitute a CNY Illiquidity.
- b. **“CNY Inconvertibility”** means the occurrence of any event that makes it impossible (where it had previously been possible) for a party to the Transaction to convert an amount of CNY no less than the Relevant Disrupted Amount into or from USD (or, if the Settlement Currency specified in the Fallback Matrix for the applicable Currency Pair is a currency other than USD, then such Settlement Currency) in the general CNY exchange market in the Offshore CNY Centre, other than where such impossibility is due solely to the failure of that party to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Trade Date of the Transaction and it is impossible for such party, due to an event beyond its control, to comply with such law, rule or regulation). For the avoidance of doubt, the inability for a party to convert CNY solely due to issues relating to its creditworthiness shall not constitute a CNY Inconvertibility.
- c. **“CNY Non-Transferability”** means the occurrence of any event that makes it impossible (where it had previously been possible) for a party to the Transaction to transfer CNY between accounts inside the Offshore CNY Centre or from an account inside the Offshore CNY Centre to an account outside the Offshore CNY Centre and outside Mainland China or from an account outside the Offshore CNY Centre and outside Mainland China to an account inside the Offshore CNY Centre, other than where such impossibility is due solely to the failure of that party to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Trade Date of the Transaction and it is impossible for such party, due to an event beyond its

control, to comply with such law, rule or regulation). For the purpose of CNY Non-Transferability only, a segregated Chinese Renminbi fiduciary cash account with the People's Bank of China and operated by the Bank shall be deemed to be an account inside Hong Kong.

For the avoidance of doubt, references to "general CNY exchange market in the Offshore CNY Centre" in the definitions of CNY Illiquidity and CNY Inconvertibility refers to purchase, sale, lending or borrowing of CNY for general purpose (including, but not limited to, funding), and therefore any purchase or sale of CNY where such CNY is required by relevant laws or regulations for settlement of any cross-border trade transaction with an entity in Mainland China, or any purchase or sale of CNY for personal customers residing in that Offshore CNY Centre, would not be purchase or sale made in such general CNY exchange market.

Annex B: Swap transactions

1 INTERPRETATION

- 1.1 This Annex B sets out additional provisions and definitions applicable to Transactions that are Swap Transactions.
- a. **"Swap Transaction"** means any Transaction which is a rate swap, a basis swap, a forward rate transaction, an interest rate cap, an interest rate floor, an interest rate collar, cross currency interest rate swap, currency swap or a Swaption.
- b. **"Swaption"** means an over-the-counter Option Transaction relating to a Swap Transaction.
- 1.2 In the event of any inconsistency between this Annex B and other provisions of the Terms and Conditions, this Annex B will prevail for the purposes of the relevant Swap Transaction. In the event of any inconsistency between this Annex B and the other provisions of a Confirmation, that Confirmation will prevail for the purposes of the relevant Transaction.

2 FIXED RATE PAYER AND FLOATING RATE PAYER

- 2.1 The Fixed Rate Payer is obliged (a) to make payments from time to time during the Term of the Swap Transaction of amounts calculated by reference to a fixed per annum rate, or (b) to make one or more payments of a Fixed Amount.
- 2.2 The Floating Rate Payer is obliged (a) to make payments from time to time during the Term of the Swap Transaction of amounts calculated by reference to a floating per annum rate, or (b) to make one or more payments of a Floating Amount.

3 PAYMENTS

3.1 Payment of a Fixed Amount

The Fixed Amount payable by the Fixed Rate Payer on a Payment Date will be:

- a. if an amount is specified for the Swap Transaction as the Fixed Amount payable by that party for that Payment Date or for the related Calculation Period, that amount; or
- b. if an amount is not specified for the Swap Transaction as the Fixed Amount payable by that party for that Payment Date or for the related Calculation Period, an amount calculated for that Payment Date or for the related Calculation Period as follows:

$$\text{Fixed Amount} = \text{Notional Amount} \times \text{Fixed Rate} \times \text{Fixed Rate Day Count Fraction}$$

3.2 Payment of a Floating Amount

Subject to Clause 3.4 of this Annex B, the Floating Amount payable by the Floating Rate Payer on a Payment Date will be an amount calculated on a formula basis for that Payment Date or for the related Calculation Period as follows:

$$\text{Floating Amount} = \text{Notional Amount} \times (\text{Floating Rate} \pm \text{Spread}) \times \text{Floating Rate Day Count Fraction}$$

3.3 Calculation of Fixed and Floating Amounts

We are responsible for:

- a. calculating the applicable Floating Rate, if any, for each Payment Date or for each Calculation Period;
- b. calculating any Floating Amount payable on each Payment Date or for each Calculation Period;
- c. calculating any Fixed Amount payable on each Payment Date or for each Calculation Period;
- d. giving notice to you on the Calculation Date for each Payment Date or for each Calculation Period, specifying:
- i the Payment Date;
 - ii the party or parties required to make the payment or payments then due;
 - iii the amount or amounts of the payment or payments then due; and
 - iv reasonable details as to how the amount or amounts were determined; and
- e. if, after notice is given, there is a change in the number of days in the relevant Calculation Period and the amount(s) of the payment(s) due for that Payment Date or for that Calculation Period, promptly giving you notice of those changes, with reasonable details as to how those changes were determined.

3.4 Negative Interest Rates

- a. For the purpose of the calculation of a Floating Amount payable by a party, if "Negative Interest Rate Method" is applicable to a Swap Transaction and the Floating Amount payable by a party on a Payment Date is a negative number (either due to a quoted negative Floating Rate or by operation of a Spread that is subtracted from the Floating Rate), then the Floating Amount payable by that party on that Payment Date will be deemed to be zero, and the other party will pay to that party the absolute value of the negative Floating Amount as calculated, in addition to any amounts otherwise payable by the other party for the related Calculation Period, on that Payment Date. Any amounts paid by the other party with respect to the absolute value of a negative Floating Amount will be paid to such account as the receiving party may designate (unless such other party gives timely notice of a reasonable objection to such designation) in the currency in which that Floating Amount would have been paid if it had been a positive number (and without regard to the currency in which the other party is otherwise obligated to make payments).
- b. Unless the parties specify otherwise, Negative Interest Rate Method will be deemed to apply to a Swap Transaction.

4 AGREEMENT TO PERFORM IN RESPECT OF A SWAPTION

- 4.1 In respect of a Swaption, the Buyer will, on each Premium Payment Date, pay to Seller the Premium, if any, in respect of that Premium Payment Date.
- 4.2 In respect of a Swaption, the Seller grants to Buyer, upon the exercise or deemed exercise of the Swaption:
- a. if Cash Settlement is applicable, the right to cause Seller to pay to Buyer the Cash Settlement Amount, if any, on the relevant Cash Settlement Payment Date; and
 - b. if Physical Settlement is applicable, the right to cause the Underlying Swap Transaction to become effective.

5 NOTIONAL AMOUNT OF SWAPTION

- 5.1 In the event that, pursuant to the terms of a Swaption, the Notional Amount of an Underlying Swap Transaction is deemed to be reduced, either for purposes of exercise or for calculating future payments under the Underlying Swap Transaction, any reduction in the Currency Amount of one party to the Underlying Swap Transaction will result in an immediate and proportionate reduction in the Currency Amount of the other party.

6 EXERCISE OF SWAPTION

6.1 Exercise

- a. The Buyer may exercise the rights granted pursuant to a Swaption by giving to the Seller a Notice of Exercise which shall constitute an irrevocable election and undertaking by the Buyer to exercise the Swaption:
 - i in respect of an American style Swaption, if received during the Exercise Period; and
 - ii in respect of a European style Swaption, if received on the Exercise Date prior to the Expiration Time,unless Automatic Exercise (as set out in Clause 6.4 of this Annex B) or Fallback Exercise (as set out in Clause 6.5 of this Annex B) is applicable, in which case the Swaption is deemed exercised pursuant to such Clause.
- b. If a Notice of Exercise has not been received by the Seller prior to or at the Expiration Time on the Expiration Date (and Automatic Exercise or Fallback Exercise is not applicable), the right or rights granted pursuant to the Swaption will expire and become void and of no effect.
- c. In the case of a Swaption to which Partial Exercise or Multiple Exercise is applicable, Buyer must specify in the notice the Notional Amount of the Underlying Swap Transaction in respect of which the Swaption is being exercised on the relevant Exercise Date. Unless the parties specify otherwise in the related Confirmation, Buyer will execute and deliver to Seller a written confirmation confirming the substance of any telephonic notice within one Business Day of that notice. Failure to provide that written confirmation will not affect the validity of the telephonic notice.

6.2 Partial Exercise

If "**Partial Exercise**" is specified to be applicable to an European style Swaption, Buyer may exercise all or less than all the Notional Amount of the Underlying Swap Transaction on the Expiration Date, but may not exercise less than the Minimum Notional Amount, and, if an amount is specified as the "**Integral Multiple**" in the related Confirmation, the Notional Amount exercised must be equal to, or be an integral multiple of, the amount so specified. Any attempt to exercise (i) less than the Minimum Notional Amount will be ineffective and (ii) a Notional Amount not equal to, or an integral multiple of, the Integral Multiple will be deemed to be an exercise of a Notional Amount equal to the next lower integral multiple of the Integral Multiple (the Notional Amount of the Underlying Swap Transaction exceeding that amount being deemed to remain unexercised).

6.3 Multiple Exercise

- a. If "**Multiple Exercise**" is specified to be applicable to an American style Swaption, Buyer may exercise all or less than all the unexercised Notional Amount of the Underlying Swap Transaction on one or more days in the Exercise Period, but on any such day may not exercise less than the Minimum Notional Amount or more than the Maximum Notional Amount and, if an amount is specified as the "**Integral Multiple**" in the related Confirmation, the Notional Amount exercised must be equal to, or be an integral multiple of, the amount so specified.
- b. Any attempt to exercise on any day in the Exercise Period,
 - i more than the Maximum Notional Amount will be deemed to be an exercise of the Maximum Notional Amount (the Notional Amount of the Underlying Swap Transaction exceeding the Maximum Notional Amount being deemed to remain unexercised);
 - ii less than the Minimum Notional Amount will be ineffective; and
 - iii a Notional Amount not equal to or an integral multiple of the Integral Multiple will be deemed to be an exercise of a Notional Amount equal to the next lower integral multiple of the Integral Multiple (the Notional Amount of the Underlying Swap Transaction exceeding that amount being deemed to remain unexercised).

Notwithstanding the foregoing, on any day in the Exercise Period other than the Expiration Date, Buyer may exercise any Notional Amount of the Underlying Swap Transaction that does not exceed the Maximum Notional Amount if it exercises all the Notional Amount of the Underlying Swap Transaction remaining unexercised. On the Expiration Date, Buyer may exercise the entire Notional Amount of the Underlying Swap Transaction remaining unexercised.

6.4 Automatic Exercise

If "**Automatic Exercise**" is specified to be applicable to a Swaption, then the Notional Amount of the Underlying Swap Transaction not previously exercised under that Swaption will be deemed to be exercised at the Expiration Time on the Expiration Date if at such time Buyer is in-the-money, unless:

- a. at such time the difference between the Settlement Rate and the Fixed Rate under the Relevant Swap Transaction is less than any applicable Threshold; or
- b. prior to such time Buyer notifies Seller (orally, including by telephone, or in writing) that it does not wish Automatic Exercise to apply.

If either party believes that exercise pursuant to the provisions of this Clause has occurred, it will immediately notify the other party. Failure to provide that notification will not affect the validity of such exercise.

6.5 Fallback Exercise

If "**Automatic Exercise**" is not specified to be applicable, "**Fallback Exercise**" will be deemed to apply to any Swaption in respect of which the Underlying Swap Transaction is an Interest Rate Swap. If Fallback Exercise is applicable to a Swaption, then the Notional Amount of the Underlying Swap Transaction not previously exercised under that Swaption will be deemed to be exercised at the Expiration Time on the Expiration Date if at such time Buyer is in-the-money, unless:

- a. at such time the difference between the Settlement Rate and the Fixed Rate under the Relevant Swap Transaction is less than one tenth of a percentage point (0.10% or 0.001); or
- b. prior to such time Buyer notifies Seller (orally, including by telephone, or in writing) that it does not wish Fallback Exercise to apply.

If either party believes that exercise pursuant to the provisions of this Clause has occurred, it will immediately notify the other party. Failure to provide that notification will not affect the validity of such exercise.

6.6 Settlement Rate on Automatic or Fallback Exercise

For purposes of Clause 6.4 (Automatic Exercise) and Clause 6.5 (Fallback Exercise) of this Annex B and determining whether Buyer is in-the-money, and for purposes of the definition of Settlement Rate (in this Annex B) where a Swaption is deemed to be exercised pursuant to the provisions of Clause 6.4 (Automatic Exercise) or Clause 6.5 (Fallback Exercise) of this Annex B:

- a. where Cash Settlement is specified to be applicable to a Swaption, the Settlement Rate will be:

Where we determine the Settlement Rate at approximately the Expiration Time on the Expiration Date, the Settlement Rate will be the rate determined by us on the basis of the par swap rates quoted by the Cash Settlement Reference Banks using the relevant Quotation Rate (or, if a Quotation Rate is not specified in the related Confirmation, using "mid" as the relevant Quotation Rate), as of the Expiration Time on the Expiration Date, for swaps in the currency in which the Relevant Swap Transaction is denominated for a period equivalent to the remaining Term of the Relevant Swap Transaction and with dealers in the relevant market of the highest credit standing which satisfy all the credit criteria which such Cash Settlement Reference Banks apply generally at the time in deciding whether to offer or make an extension of credit. If five quotations are provided as requested, the Settlement Rate will be calculated by eliminating the highest and lowest rates and taking the arithmetic mean of the remaining rates. If at least three, but fewer than five, quotations are provided, the Settlement Rate will be the arithmetic mean of the quotations. If fewer than three quotations are provided as requested, the Settlement Rate will be determined by us in good faith and in commercially reasonable manner; and

- b. where Physical Settlement is specified to be applicable to a Swaption, the Settlement Rate will be:

Where we determine the Settlement Rate at approximately the Expiration Time on the Expiration Date, the Settlement Rate will be the rate determined by us on the basis of the par swap rates quoted by the Cash Settlement Reference Banks using "mid" as the relevant Quotation Rate, as of the Expiration Time on the Expiration Date, for swaps in the currency in which the Relevant Swap Transaction is denominated for a period equivalent to the remaining Term of the Relevant Swap Transaction and with dealers in the relevant market of the highest credit standing which satisfy all the credit criteria which such Cash Settlement Reference Banks apply generally at the time in deciding whether to offer or make an extension of credit. If five quotations are provided as requested, the Settlement Rate will be calculated by eliminating the highest and lowest rates and taking the arithmetic mean of the remaining rates. If at least three, but fewer than five, quotations are provided, the Settlement Rate will be the arithmetic mean of the quotations. If fewer than three quotations are provided as requested, the Settlement Rate will be determined by us in good faith and in commercially reasonable manner.

7 SETTLEMENT OF SWAPTION

7.1 Physical Settlement of Swaption

In respect of each Exercise Date under a Swaption to which Physical Settlement is applicable, subject to any applicable condition precedent, the Underlying Swap Transaction will become effective and the Notional Amount of the Underlying Swap Transaction will (subject to the provisions of Clause 6.2 (Partial Exercise) of this Annex B, if Partial Exercise is applicable, or Clause 6.3 (Multiple Exercise) of this Annex B, if Multiple Exercise is applicable) be equal to the Notional Amount specified in the relevant notice of exercise.

7.2 Cash Settlement of Swaption

In respect of each Exercise Date under a Swaption to which Cash Settlement is applicable or is deemed to be applicable, (i) if Buyer is the party which is in-the-money, Seller will pay to Buyer, subject to any applicable condition precedent, the Cash Settlement Amount, if any, on the relevant Cash Settlement Payment Date and (ii) if Seller is the party which is in-the-money, no amount will be payable. If the Swaption is deemed to be exercised pursuant to the provisions of Clause 6.4 (Automatic Exercise) or Clause 6.5 (Fallback Exercise) of this Annex B, Seller will pay to Buyer, subject to any applicable condition precedent, the Cash Settlement Amount, if any, on the day that is two Business Days after either party notifies the other party, in accordance with the provisions of Clause 6.4 (Automatic Exercise) or Clause 6.5 (Fallback Exercise) of this Annex B, that it believes such exercise has occurred.

8 CASH SETTLEMENT METHODS FOR SWAPTIONS

8.1 Cash Price

If "**Cash Price**" is specified in the related Confirmation to be the Cash Settlement Method applicable to a Swaption, the Cash Settlement Amount will be an amount determined by us in our absolute discretion with respect to the Relevant Swap Transaction as of the Cash Settlement Valuation Time on the Cash Settlement Valuation Date, the necessary changes being made, as though (i) the Relevant Swap

Transaction were the only Terminated Transaction, (ii) the Cash Settlement Payment Date was an Early Termination Date and (iii) the Cash Settlement Currency were the Termination Currency. Notwithstanding the definition of "Early Termination Amount", we will determine the Cash Settlement Amount on the basis of quotations (either firm or indicative) for a replacement transaction supplied by Cash Settlement Reference Banks (but we may not take into account any loss or cost incurred by a party in connection with its terminating, liquidating or re-establishing any hedge related to the Relevant Swap Transaction (or any gain resulting from any of them)). We will ask each Cash Settlement Reference Bank to provide a quotation using the Quotation Rate specified in the related Confirmation. In providing quotations, the Cash Settlement Reference Banks will be asked to assume that we are a dealer in the relevant market of the highest credit standing which satisfies all the credit criteria which such Cash Settlement Reference Banks apply generally at the time in deciding whether to offer or make an extension of credit, and no account will be taken of any existing Security Document. Notwithstanding the definition of "Early Termination Amount", if fewer than three quotations are provided, the Cash Settlement Amount will be determined by us in good faith and using commercially reasonable procedures.

8.2 Par Yield Curve - Adjusted

If "Par Yield Curve - Adjusted" is specified in the related Confirmation to be the Cash Settlement Method applicable to a Swaption the Cash Settlement Amount will be an amount calculated as the present value of an annuity equal to the difference between:

- a. the amounts that would be payable by the Fixed Rate Payer under the Relevant Swap Transaction if the Fixed Rate were the Settlement Rate; and
- b. the amounts payable by the Fixed Rate Payer under the Relevant Swap Transaction.

The discount rate used to calculate such present value will be equal to the Settlement Rate, and such present value will be calculated using the Payment Dates applicable to the Fixed Rate Payer under the Relevant Swap Transaction.

8.3 Zero Coupon Yield - Adjusted

If "Zero Coupon Yield - Adjusted" is specified in the related Confirmation to be the Cash Settlement Method applicable to a Swaption the Cash Settlement Amount will be an amount calculated as the present value of an annuity equal to the difference between:

- a. the amounts that would be payable by the Fixed Rate Payer under the Relevant Swap Transaction if the Fixed Rate were the Settlement Rate; and
- b. the amounts payable by the Fixed Rate Payer under the Relevant Swap Transaction.

The discount factors used to calculate such present value will be calculated from a current zero coupon curve agreed between the parties and using the Payment Dates applicable to the Fixed Rate Payer under the Relevant Swap Transaction. If the parties are unable to agree on such current market zero coupon curve, the Cash Settlement Amount will be determined as if the parties had specified "Cash Price" to be the applicable Cash Settlement Method.

8.4 Par Yield Curve - Unadjusted

If "Par Yield Curve - Unadjusted" is specified in the related Confirmation to be the Cash Settlement Method applicable to a Swaption the Cash Settlement Amount will be an amount calculated as the present value of an annuity equal to the difference between:

- a. the amounts that would be payable by the Fixed Rate Payer under the Relevant Swap Transaction if the Fixed Rate were the Settlement Rate; and
- b. the amounts payable by the Fixed Rate Payer under the Relevant Swap Transaction.

The discount rate used to calculate such present value will be equal to the Settlement Rate. Such annuity payment and discounting shall be calculated based on Payment Dates applicable to the Fixed Rate Payer under the Relevant Swap Transaction without regard to adjustment based on any Business Day Convention.

9 IN-THE-MONEY AND OUT-OF-THE MONEY FOR A SWAPTION

9.1 In-the-money

A party to a Swaption is "in-the-money" in respect of an Exercise Date if (i) such party is the Fixed Rate Payer under the Relevant Swap Transaction and the Settlement Rate exceeds the Fixed Rate under the Relevant Swap Transaction or (ii) such party is the Floating Rate Payer under the Relevant Swap Transaction and the Fixed Rate under the Relevant Swap Transaction exceeds the Settlement Rate, and, if a method for determining the Settlement Rate is not specified in the related Confirmation, "ISDA Source" will be deemed to have been specified.

9.2 Out-of-the-money

A party to a Swaption is "out-of-the-money" in respect of an Exercise Date if (i) such party is the Floating Rate Payer under the Relevant Swap Transaction and the Settlement Rate exceeds the Fixed Rate under the Relevant Swap Transaction or (ii) such party is the Fixed Rate Payer under the Relevant Swap Transaction and the Fixed Rate under the Relevant Swap Transaction exceeds the Settlement Rate, and, if a method for determining the Settlement Rate is not specified in the related Confirmation, "ISDA Source" will be deemed to have been specified.

10 CORRECTIONS TO PUBLISHED AND DISPLAYED RATES FOR SETTLEMENT RATE

10.1 For purposes of determining the Settlement Rate for any day:

- a. in any case where the Settlement Rate for a day is based on information obtained from the Reuters Screen, Telerate or the Bloomberg Screen, that Settlement Rate will be subject to the corrections, if any, to that information subsequently displayed by that source within one hour of the time when such rate is first displayed by such source; and

- b. in the event that a party to any Swaption notifies the other party of any correction referred to in subsection (a) above no later than 15

days after the expiration of the period referred to in such subsection, an appropriate amount will be payable as a result of such correction (whether such correction is made or such notice is given before or after the Cash Settlement Payment Date together with interest on that amount at a rate per annum equal to the cost (without proof or evidence of any actual cost) to the relevant party (as certified by it) of funding that amount for the period from, and including, the day on which, based on such correction, a payment in the incorrect amount was first made to, but excluding, the day of payment of the refund or payment resulting from such correction.

11 ADDITIONAL DISRUPTION EVENT PROVISIONS FOR OFFSHORE DELIVERABLE CHINESE RENMINBI SWAP TRANSACTIONS

11.1 ADDITIONAL DISRUPTION EVENT

Notwithstanding anything to the contrary in any applicable Annex, in the case of offshore Deliverable Chinese Renminbi Swap Transaction, upon the occurrence of a CNY Disruption Event, as determined by us in our sole discretion (means any of CNY Illiquidity, CNY Inconvertibility or CNY Non-Transferability), we shall determine the Settlement Rate, Settlement Currency and/or other settlement terms taking into account all available information that it deems relevant. We shall, as soon as practicable following the occurrence of the relevant event or circumstance, notify you of such alternative basis for the determination of the Settlement Rate, Settlement Currency and/or other settlement terms, as the case may be.

11.2 DEFINITIONS

- a. **"CNY Illiquidity"** means the occurrence of any event that makes it impossible (where it had previously been possible) for a party to the Transaction to obtain a firm quote of an offer price in respect of an amount in CNY equal to the Notional Amount, a Fixed Amount, a Floating Amount, an Initial Exchange Amount, an Interim Exchange Amount, a periodical exchange amount, a Final Exchange Amount, a Call Currency Amount, a Put Currency Amount or any other amount to be paid under this Transaction (the **"Relevant Disrupted Amount"**), in each case on the relevant Settlement Date, Payment Date or Exchange Date (as the case may be), either in one transaction or a commercially reasonable number of transactions that, when taken together, is no less than such Relevant Disrupted Amount, in the general CNY exchange market in the Offshore CNY Centre in order to perform its obligations under this Transaction. For the avoidance of doubt, the inability for a party to obtain such firm quote solely due to issues relating to its creditworthiness shall not constitute a CNY Illiquidity.
- b. **"CNY Inconvertibility"** means the occurrence of any event that makes it impossible (where it had previously been possible) for a party to the Transaction to convert an amount of CNY no less than the Relevant Disrupted Amount into or from USD (or, if the Settlement Currency specified in the Fallback Matrix for the applicable Currency Pair is a currency other than USD, then such Settlement Currency) in the general CNY exchange market in the Offshore CNY Centre, other than where such impossibility is due solely to the failure of that party to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Trade Date of the Transaction and it is impossible for such party, due to an event beyond its control, to comply with such law, rule or regulation). For the avoidance of doubt, the inability for a party to convert CNY solely due to issues relating to its creditworthiness shall not constitute a CNY Inconvertibility.
- c. **"CNY Non-Transferability"** means the occurrence of any event that makes it impossible (where it had previously been possible) for a party to the Transaction to transfer CNY between accounts inside the Offshore CNY Centre or from an account inside the Offshore CNY Centre to an account outside the Offshore CNY Centre and outside Mainland China or from an account outside the Offshore CNY Centre and outside Mainland China to an account inside the Offshore CNY Centre, other than where such impossibility is due solely to the failure of that party to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Trade Date of the Transaction and it is impossible for such party, due to an event beyond its control, to comply with such law, rule or regulation). For the purpose of CNY Non-Transferability only, a segregated Chinese Renminbi fiduciary cash account with the People's Bank of China and operated by the Bank shall be deemed to be an account inside Hong Kong.
- d. **"Governmental Authority"** means any de facto or de jure government (or any agency or instrumentality thereof), court, tribunal, administrative or other governmental authority or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) of the People's Republic of China and the Offshore CNY Centre.
- e. **"Mainland China"** means the People's Republic of China (excluding Hong Kong, China, Macau, China and Taiwan, China).
- f. **"Offshore CNY Centre"** means the jurisdiction specified in the relevant Confirmation. If no Offshore CNY Centre is specified in the relevant Confirmation, the Offshore CNY Centre shall be Hong Kong.

For the avoidance of doubt, references to "general CNY exchange market in the Offshore CNY Centre" in the definitions of CNY Illiquidity and CNY Inconvertibility refers to purchase, sale, lending or borrowing of CNY for general purpose (including, but not limited to, funding), and therefore any purchase or sale of CNY where such CNY is required by relevant laws or regulations for settlement of any cross-border trade transaction with an entity in Mainland China, or any purchase or sale of CNY for personal customers residing in that Offshore CNY Centre, would not be purchase or sale made in such general CNY exchange market.

12 DEFINITIONS

- 12.1 **"Calculation Date"** means the earliest day on which it is practicable to provide the notice that we are required to give for that Payment Date or for that Calculation Period.

 - i in respect of an American style Option, if received during the Exercise Period; and
 - ii in respect of an European style Option, if received on the Exercise Date prior to the Expiration Time,unless Automatic Exercise (as set out in Clause 3.3 of this Annex C) is applicable, in which case the Equity Option Transaction is deemed exercised pursuant to that Clause 3.3.
 - b. If a Notice of Exercise has not been received by the Seller prior to or at the Expiration Time on the Expiration Date (and Automatic Exercise is not applicable), the right or rights granted pursuant to an Equity Option Transaction will expire and become void and of no effect.
- 3.2 **Multiple Exercise**
- a. If **"Multiple Exercise"** is applicable to an American style Equity Option Transaction, the Buyer may exercise all or less than all the unexercised Options on one or more Exchange Business Days in the Exercise Period, but on any such Exchange Business Day may not exercise less than the Minimum Number of Options or more than the Maximum Number of Options and, if a number is specified as the **"Integral Multiple"** in the relevant Confirmation, the number of exercised Options must be equal to, or be an integral multiple of, the number so specified.
 - b. Any attempt to exercise on any Exchange Business Day in the Exercise Period,
 - i more than the Maximum Number of Options will be deemed to be an exercise of the Maximum Number of Options (the number of Options, if any, exceeding the Maximum Number of Options being deemed to remain unexercised);

- ii less than the Minimum Number of Options will be ineffective; and
 - iii an amount of Options not equal to or an integral multiple of the Integral Multiple will be deemed to be an exercise of a number of Options equal to the next lowest integral multiple of the Integral Multiple (the number of Options exceeding that number being deemed to remain unexercised).
- c. In the event that the number of Options remaining unexercised on the Expiration Date is less than the Minimum Number of Options, that number of Options will remain unexercised. In the event that the number of Options remaining unexercised on the Expiration Date is greater than the Maximum Number of Options, the Buyer may exercise only the specified Maximum Number of Options and the excess will remain unexercised.
- d. Unless the parties specify otherwise, Multiple Exercise will be deemed to apply to any American style Equity Option Transaction.

3.3 Automatic Exercise

- a. Unless the parties otherwise specify, Automatic Exercise will be deemed to apply to a Transaction.
- b. If "**Automatic Exercise**" is specified (or deemed to be specified) to be applicable to an Equity Option Transaction, then each Option not previously exercised under that Equity Option Transaction will be deemed to be automatically exercised:
- i where Cash Settlement is applicable, at the Expiration Time on the Expiration Date, unless the Buyer notifies the Seller (by telephone or in writing) prior to the Expiration Time on the Expiration Date that it does not wish Automatic Exercise to occur; and
 - ii where Physical Settlement is applicable, at the Expiration Time on the Expiration Date if at such time the Option is In-the-Money, as determined by us, unless:
 - (1) the Buyer notifies the Seller (by telephone or in writing) prior to the Expiration Time on the Expiration Date that it does not wish Automatic Exercise to occur; or
 - (2) the Reference Price necessary to determine that the Option is In-the-Money cannot be determined at the Expiration Time on the Expiration Date,
- in which case Automatic Exercise will not apply.

4 PHYSICAL SETTLEMENT

- 4.1 In respect of each Exercise Date under an Equity Option Transaction to which Physical Settlement is applicable, on the relevant Settlement Date,

- 4.4 Following exercise of an Option under an Equity Option Transaction to which Physical Settlement is applicable, all dividends on the relevant Shares to be delivered will be payable to the party that would receive such dividends according to market practice for a sale of such Shares executed on the Exercise Date to be settled through the relevant Clearance System.
- 4.5 Failure by us to deliver, when due, the relevant Shares under that Transaction will not constitute a default by us if we are unable to deliver such Shares due to illiquidity in the market for such Shares and if we (a) notify you within one Clearance System Business Day of the relevant Exercise Date to that effect and (b) delivers on the Settlement Date such number of Shares, if any, as it can deliver on that date. In such cases we shall, by notice to you, in lieu of Physical Settlement, satisfy its obligation in respect of the Shares by payment to you of an amount equal to the market value of the Shares, as determined by us using such market information available to us as we, in our absolute discretion, may select, which have not been so delivered.
- 4.6 If, in respect of each exercise of Options under an Equity Option Transaction to which Physical Settlement is applicable, you fail to perform any obligation required to be settled by delivery, you will indemnify us on demand for any costs, losses or expenses (including the costs of borrowing the relevant Shares, if applicable) resulting from such failure. A certificate signed by us setting out such costs, losses or expenses in reasonable detail will be conclusive evidence that they have been incurred.
- 4.7 In respect of each exercise of an Option under a Physically-settled Share Option Transaction, the party required to deliver the relevant Shares agrees that it will convey, and, on each date that it delivers such Shares, represents that it has conveyed, good title to the Shares it is required to deliver, free and clear of any lien, charge, claim or other encumbrance (other than a lien routinely imposed on all securities in the relevant Clearance System).

- a. makes a material change in the formula for or the method of calculating that Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method); or
- b. fails to calculate and announce a relevant Index,

then we shall calculate the relevant Settlement Price, using the level for that Index as at that Valuation Date as determined by us in accordance with the formula for and method of calculating that Index last in effect prior to that change or failure.

6.2 If, in respect of an Index Option Transaction or Index Basket Option Transaction, the level of an Index published on a given day and used or to be used by us to calculate the Settlement Price, is subsequently corrected and the correction published by that Index sponsor within 30 days of the original publication, we may notify you of (i) that correction and (ii) the amount that is payable as a result of that correction and you shall pay to us such amount, together with interest on that amount at a rate per annum equal to the cost (without proof or evidence of any actual cost) to us of funding that amount for the period from and including the day on which a payment originally was (or was not) made, to but excluding the day of payment of the refund or payment resulting from that correction.

7 ADJUSTMENTS TO SHARES AND ADDITIONAL DISRUPTION EVENTS

7.1 Potential Adjustment Event

Following the declaration by the Issuer of any Potential Adjustment Event, we will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Shares and, if so, will:

- a. make the corresponding adjustment(s), if any, to any one or more of the Strike Price, the number of Options and the Option Entitlement and, in any case, any other variable relevant to the exercise, settlement or payment terms of that Transaction as we determine appropriate to account for that diluting or concentrative effect; and
- b. determine the effective date(s) of the adjustment(s).

We may (but need not) determine the appropriate adjustment(s) by reference to the adjustment(s) in respect of such Potential Adjustment Event made by an options exchange to options on the relevant Shares traded on that options exchange.

7.2 Merger Event and Tender Offers

If there is any Merger Event or Tender Offer in respect of any Shares, we will make corresponding adjustments, if any, to any one or more of:

7.3 Nationalization, Insolvency and Delisting

If there is any Nationalization, Insolvency or Delisting, we will in the case of a Share Option Transaction or a Share Basket Option Transaction, cancel the Option Transaction as of the Announcement Date and the Seller will pay to the Buyer the Payment Upon Nationalization, Insolvency or Delisting not later than three Business Days following determination of such amount by us.

On the occurrence of a Change in Law, Insolvency Filing in respect of the Issuer (in the case of a Share Option Transaction or a Share Basket Option Transaction only), or a Hedging Disruption, we may elect to terminate an Equity Option Transaction by giving notice to the other party specifying the date of such termination, in which event the Equity Option Transaction will terminate and we will determine the Cancellation Amount payable by one party to the other and the date of payment of such Cancellation Amount.
- b. On the occurrence of Increased Cost of Hedging, we may either:
 - i. adjust the Strike Price, spread or any other variable with respect to the Equity Option Transaction, or

8 MARKET DISRUPTION EVENT

8.1 We shall as soon as reasonably practicable under the circumstances notify the parties or other party, as the case may be, of the existence of a Market Disruption Event on any day that, but for the occurrence or existence of a Market Disruption Event, would have been a Valuation Date.

8.2 If there is a Market Disruption Event on a Valuation Date, then we shall determine an alternative Valuation Date as soon as reasonably practicable thereafter.

9 SETTLEMENT DISRUPTION EVENT

- 9.1 If a Settlement Disruption Event prevents delivery of the Shares on the Settlement Date, then the Settlement Date will be the first succeeding day on which delivery of the Shares can take place through the relevant Clearance System. If a Settlement Disruption Event prevents settlement on each of the ten relevant Clearance System Business Days immediately following the original date that, but for the Settlement Disruption Event, would have been the Settlement Date, the Shares will be delivered in any other commercially reasonable manner available to the parties and the Settlement Date will be the date designated as such by us. If settlement is prevented beyond such time, we may take such steps as it, in its sole and absolute discretion, deems necessary.

10 FX PROVISIONS

- 10.1 If, with respect to a Transaction, any amount to be calculated or determined is different from the Settlement Currency, the Calculation Agent acting in good faith and in a commercially reasonable manner shall determine the amount in the Settlement Currency, using the exchange rate actually obtained for converting the relevant proceeds (or any amounts in connection with) into the Settlement Currency.

Annex D: Bond option transactions

1 INTERPRETATION

- 1.1 This Annex D sets out additional provisions and definitions applicable to Transactions that are Bond Option Transactions.
- a. "**Bonds**" means, in respect of a Bond Option Transaction, the bonds or debt securities issued by an issuer with the specified coupon, price and maturity.
 - b. "**Bond Option Transaction**" means any transaction that is an over-the-counter Option relating to Bonds.
- 1.2 In the event of any inconsistency between this Annex D and other provisions of the Terms and Conditions, this Annex D will prevail for the purposes of Bond Option Transactions. In the event of any inconsistency between this Annex D and the other provisions of a Confirmation, that Confirmation will prevail for the purposes of the relevant Transaction.

2 AGREEMENT TO PERFORM

- 2.1 On the Premium Payment Date, the Buyer will pay to the Seller the Premium.
- 2.2 The Seller grants to the Buyer, upon the exercise of a Bond Option Transaction,
- a. if Physical Settlement is applicable, the right, but not the obligation, to cause the Seller to deliver to the Buyer the Bonds to be Delivered on the Settlement Date; or
 - b. if Cash Settlement is applicable, the right, but not the obligation, to cause the Seller to pay to the Buyer the Cash Settlement Amount on the Settlement Date,
- in each case in accordance with Clauses 4 or 5 of this Annex D (as applicable). Unless the parties otherwise specify, Physical Settlement will be deemed to apply to a Bond Option Transaction.

3 EXERCISE OF BOND OPTION TRANSACTIONS

3.1 Exercise

- a. The Buyer may exercise the rights granted pursuant to a Bond Option Transaction by giving the Seller a Notice of Exercise which shall constitute an irrevocable election and undertaking by the Buyer to exercise the Bond Option Transaction:
 - i in respect of an American style Option, if received during the Exercise Period; and
 - ii in respect of a European style Option, if received on the Exercise Date prior to the Expiration Time,unless Automatic Exercise (as set out in Clause 3.5 of this Annex D) is applicable, in which case the Bond Option Transaction is deemed exercised pursuant to that Clause 3.5.
- b. If a Notice of Exercise has not been received by the Seller prior to or at the Expiration Time on the Expiration Date (and Automatic Exercise is not applicable), the right or rights granted pursuant to a Bond Option Transaction will expire and become void and of no effect.

3.2 Partial Exercise

- a. If "Partial Exercise" is applicable to a European style Bond Option Transaction, the Buyer may exercise less than all the Number of Options of that Bond Option Transaction on the Expiration Date.
- b. Unless the parties specify otherwise, Partial Exercise will not be deemed to apply to any European style Bond Option Transaction.

3.3 Multiple Exercise

- a. If "**Multiple Exercise**" is applicable to an American style Bond Option Transaction, the Buyer may exercise all or less than all the unexercised Options on one or more days in the Exercise Period, but on any such day may not exercise less than the Minimum Number of Options or more than the Maximum Number of Options and, if a number is specified as the "**Integral Multiple**" in the relevant Confirmation, the number of exercised Options must be equal to, or be an integral multiple of, the number so specified.
- b. Any attempt to exercise on any day in the Exercise Period,
 - i more than the Maximum Number of Options will be deemed to be an exercise of the Maximum Number of Options (the number of Options, if any, exceeding the Maximum Number of Options being deemed to remain unexercised);
 - ii less than the Minimum Number of Options will be ineffective; and
 - iii an amount of Options not equal to or an integral multiple of the Integral Multiple will be deemed to be an exercise of a number of Options equal to the next lowest integral multiple of the Integral Multiple (the number of Options exceeding that number being deemed to remain unexercised).
- c. In the event that the number of Options remaining unexercised on the Expiration Date is less than the Minimum Number of Options, that number of Options will remain unexercised. In the event that the number of Options remaining unexercised on the Expiration Date is greater than the Maximum Number of Options, the Buyer may exercise only the specified Maximum Number of Options and the excess will remain unexercised.
- d. Unless the parties specify otherwise, Multiple Exercise will not be deemed to apply to any American style Bond Option Transaction.

3.4 Number of Options Exercised

In the case of (i) a Bond Option Transaction to which Partial Exercise is applicable or (ii) an American style Bond Option Transaction to which Multiple Exercise is applicable, the Buyer must specify in the Notice of Exercise the number of Options being exercised on the relevant Exercise Date and, subject to Clause 3.3 of this Annex D, in the event that Multiple Exercise is applicable or is deemed to apply and the number of Options remaining unexercised is less than the Minimum Number of Options or greater than the Maximum Number of Options, if the Buyer fails so to specify, the Buyer shall be presumed to have exercised all the unexercised Options on the relevant Exercise Date.

3.5 Automatic Exercise

a. Unless the parties otherwise specify, Automatic Exercise will be deemed to apply to a Transaction.

b. If "Automatic Exercise" is specified (or deemed to be specified) to be applicable to a Bond Option Transaction, then, in the event that Multiple Exercise is applicable and the number of Options remaining unexercised on the Expiration Date is less than the Minimum Number of Options or greater than the Maximum Number of Options, each Option not previously exercised under that Bond Option Transaction will be deemed to be automatically exercised:

- i where Cash Settlement is applicable, at the Expiration Time on the Expiration Date unless the Buyer notifies the Seller (by telephone or in writing) prior to the Expiration Time on the Expiration Date that it does not wish Automatic Exercise to occur; and
- ii where Physical Settlement is applicable, at the Expiration Time on the Expiration Date if at such time the Option is In-the-Money, as determined by us, unless:
 - (1) the Buyer notifies the Seller (by telephone or in writing) prior to the Expiration Time on the Expiration Date that it does not wish Automatic Exercise to occur; or
 - (2) the Reference Price necessary to determine that the Option is In-the-Money cannot be determined at the Expiration Time on the Expiration Date,

in which case Automatic Exercise will not apply.

4 PHYSICAL SETTLEMENT

4.1 In respect of each Exercise Date under a Bond Option Transaction to which Physical Settlement is applicable on the relevant Settlement Date,

a. in the case of a Call, the Buyer will pay to Seller the Bond Payment and the Seller will deliver to the Buyer the Bonds to be Delivered; and

b. in the case of a Put, the Buyer will deliver to the Seller the Bonds to be Delivered and the Seller will pay to the Buyer the Bond Payment.

4.2 Such payment and delivery will be made on the relevant Settlement Date through the relevant Clearance System at the accounts specified in the relevant Confirmation and, if possible through the relevant Clearance System, will be made on a delivery versus payment basis.

4.3 Following exercise of an Option under a Bond Option Transaction to which Physical Settlement is applicable, all expenses of transfer of the relevant Bonds (such as any stamp duty) will be payable by you and you agree to indemnify us for all such expenses of transfer.

4.4 Following exercise of an Option under a Bond Option Transaction to which Physical Settlement is applicable, all distributions in relation to the relevant Bonds will be payable to the party that would receive such distributions according to market practice for a sale of such Bonds executed on the Exercise Date to be settled through the relevant Clearance System.

4.5 In addition to any requirement that you provide security or assurances as a result of its failure to deliver the Bonds to be Delivered under a Bond Option Transaction, we may at any time, exercise a right to close out the Bond Option Transaction by the purchase of such Bonds (a "buy-in").

4.6 In the event that a party's failure to deliver is due to the non-existence of the Bonds to be Delivered or we are unable to exercise a buy-in, the Bond Option Transaction will be terminated in accordance with any applicable provisions set forth herein or in the relevant Confirmation.

4.7 In respect of each exercise of an Option under a Bond Option Transaction to which Physical Settlement is applicable, the party required to deliver the relevant Bonds agrees that it will convey, and, on the date that it delivers such Bonds, represents that it has conveyed, good title to the Bonds to be Delivered, free and clear of any lien, charge, claim or other encumbrance (other than a lien routinely imposed on all securities in the relevant Clearance System).

5 CASH SETTLEMENT

5.1 In respect of each Exercise Date under a Bond Option Transaction to which Cash Settlement is applicable, the Seller will pay to the Buyer, subject to any applicable condition precedent, the Cash Settlement Amount, if any, on the relevant Settlement Date for all Options exercised or deemed exercised on that Exercise Date.

5.2 For the purpose of determining the Spot Price for any day, if the price published or announced on a given day and used or to be used by us to determine a Spot Price is subsequently corrected we may notify the parties of (i) that correction and (ii) the amount (if any) that is payable as a result of that correction. If, not later than 30 calendar days after publication or announcement of that correction, we give notice that an amount is so payable, the party that originally either received or retained such amount will, not later than three Business Days after the effectiveness of that notice, pay to the other party that amount together with interest on that amount (at a rate per annum determined by us) for the period from and including the day on which a payment originally was (or was not) made to but excluding the day of payment of the refund or payment resulting from that correction.

6 ADJUSTMENTS

- 6.1 If the issuer of the Bonds irreversibly converts those Bonds into other securities, a Bond Option Transaction will, unless otherwise specified in the relevant Confirmation, continue as set forth in the relevant Confirmation except that (a) the "Bonds" will mean such other securities and (b) we will adjust the Strike Price, the number of Options and/or the Option Entitlement as we determine appropriate to preserve the theoretical value of that Bond Option Transaction to the parties immediately prior to such conversion.
- 6.2 If, in our sole opinion, upon conversion of the Bonds into other securities, the theoretical value of the Bond Option Transaction cannot be preserved, we shall take such steps as it deems necessary.

7 SETTLEMENT DISRUPTION EVENT

- 7.1 If, in respect of any Bond Option Transaction to which Physical Settlement is applicable, there is a Settlement Disruption Event that prevents delivery of the Bonds on a day that, but for the occurrence of that Settlement Disruption Event would have been the Settlement Date, then the Settlement Date will be the first succeeding day determined by us on which delivery of the Bonds can take place through the relevant Clearance System, unless a Settlement Disruption Event prevents settlement on each day that the Clearance System is (or, but for the Settlement Disruption Event, would have been) open for business during the period ending 30 calendar days after the original date that, but for the Settlement Disruption Event, would have been the Settlement Date.
- 7.2 If the Settlement Date does not occur within 30 calendar days of the Settlement Disruption Event, the party required under that Bond Option Transaction to deliver the Bonds will use its reasonable efforts to deliver the Bonds to be Delivered promptly thereafter in a commercially reasonable manner outside the Clearance System on a delivery versus payment basis.

6 SETTLEMENT BY DELIVERY

- 6.1 In respect of each Precious Metal Transaction to which Settlement by Delivery applies, and subject to Clause 5 (Discharge and Termination), 11.1 (Precious Metal Settlement Netting) and 11.2 (Novation Netting) of this Annex E, each party shall deliver to the other party the amount of the Precious Metal or Currency required to be delivered by it under each Precious Metal Obligation on the Value Date for such Precious Metal Obligation as specified in the relevant Confirmation.

7 PAYMENT FOR LATE DELIVERY

- 7.1 Prior to the occurrence or effective designation of an Early Termination Date in respect of the relevant Precious Metal Transaction, if you default in the performance of any your delivery obligation you will, to the extent permitted by law and subject to Clause 1.2 of Section 3, be required to pay to us an amount, payable on demand, equal to the total cost reasonably incurred, or to be reasonably incurred, by us, including without limitation, in respect of its insurance, vaulting, transportation and borrowing costs resulting from the default in the performance of such delivery obligation. A certificate signed by us setting out such costs, losses or expenses in reasonable detail will be conclusive evidence that they have been incurred.

8 SETTLEMENT DISRUPTION

- 8.1 Where Settlement by Delivery applies to the relevant Precious Metal Transaction, if there is a Settlement Disruption Event that prevents settlement of Precious Metal on a day that but for the occurrence of that Settlement Disruption Event would have been the Value Date, then, the Value Date will be the first succeeding day on which delivery can be effected by the method of delivery specified by the parties, unless a Settlement Disruption Event prevents settlement on each of the ten Precious Metal Business Days immediately following the original date that, but for the Settlement Disruption Event, would have been the Value Date. In that case, the Precious Metal will be delivered in any other commercially reasonable manner available to the parties and the Settlement Date will be the date designated as such by us. If settlement is prevented beyond such time, we may take such steps as it, in its sole and absolute discretion, deems necessary.

9 CASH SETTLEMENT

- 9.1 In respect of each Precious Metal Trade (including each exercised Precious Metal Option to which Cash Settlement applies which is settled as if it were a Precious Metal Trade pursuant to Clause 4 of this Annex E) the relevant party shall pay the In-the-Money Amount to the other party on the Value Date. The sole obligations of the parties with respect to settlement of such Precious Metal Trade shall be to deliver or receive the In-the-Money Amount of such Precious Metal Trade on the Value Date.
- 9.2 If the Relevant Price exceeds the Contract Price, the party which was required to deliver Precious Metal under the terms of the Precious Metal Trade shall pay the In-the-Money Amount to the other party.
- 9.3 If the Contract Price exceeds the Relevant Price, the party which was required to pay Currency under the terms of the Precious Metal Trade shall pay the In-the-Money Amount to the other party.

10 MARKET DISRUPTION EVENT

11 NETTING

Obligations to deliver Precious Metal of a particular type are deemed to be obligations to make payment in a particular currency for the purpose of Clause 3.8 of Section 2.

11.2 Novation Netting

- a. If the parties have agreed in the Confirmation that "Novation Netting By Type of Obligation" is applicable then if the parties enter into a Precious Metal Trade or, if a Precious Metal Option to which Settlement by Delivery applies is exercised or deemed exercised, in each case, giving rise to a Precious Metal Obligation for the same Value Date and in the same type of Precious Metal or Currency and (for amounts deliverable in the same Precious Metal) with the same delivery location as a then existing Precious Metal Obligation, immediately upon entering into such Precious Metal Trade or exercise or deemed exercise of such Precious Metal Option, each such Precious Metal Obligation shall automatically and without further action be individually cancelled and simultaneously replaced by a new Precious Metal Obligation for such Value Date determined as follows: the amounts of such type of Precious Metal or Currency that would otherwise have been deliverable by each party on such Value Date shall be aggregated (i.e., gold with gold, silver with silver, platinum with platinum, and each Currency with other Currency of the same type) and the party with the larger aggregate amount shall have a new Precious Metal Obligation to deliver to the other party the amount of such type of Precious Metal or Currency by which its aggregate amount exceeds the other party's aggregate amount, provided that if the aggregate amounts are equal, no new Precious Metal Obligation shall arise.
- b. This Clause shall not affect any other Precious Metal Obligation of a party to deliver any different Precious Metal or Currency on the same Value Date.
- c. For the purposes of the Terms and Conditions for Treasury and Derivative Products, each Precious Metal Obligation deriving from a Precious Metal Transaction to which this Clause applies shall be deemed to be a separate "Transaction".

For the avoidance of doubt, any Precious Metal Obligation which derives from a Precious Metal Trade or Precious Metal Option to which, in either case, Cash Settlement applies, shall be disregarded for the purposes of this Clause.

2 Repayment on demand / uncommitted facility

- 2.1 Notwithstanding any provision in the relevant documents in relation to the Facilities, all the Facilities made available to you are uncommitted and payable on demand and accordingly, the availability of the Facilities or any part thereof is subject entirely to our absolute discretion. In addition to the Facilities being uncommitted and payable on demand, we may, at our absolute discretion, review the Facilities from time to time, and accordingly, we may at any time at our absolute discretion:
- a. suspend or vary the Facilities whereupon the Facilities shall be so suspended or varied; or
 - b. amend or extend the availability or repayment period; or
 - c. terminate the Facilities and demand immediate repayment of all your liabilities (whether due or not), whereupon the same shall become so due and payable; or

 - a. whereupon you shall, and procure the Security Provider(s) shall, within the period of time specified by us in the notification (which period may, in certain circumstances be less than twenty four (24) hours) ("Ratification Period"), either (i) provide to or procure the provision to us additional Collateral of sufficient value and in a form and substance acceptable to us so that immediately after the provision of such additional Collateral the Aggregate Value of all Collateral shall exceed the Total Liabilities and Obligations; or (ii) reduce the amount of your Facility and/or Total Liabilities and Obligations to us. Should there be any shortfall between the Total Liabilities and Obligations and the sale proceeds of the Collateral, you undertake to make good of the shortfall immediately upon our demand.

- 5.3 We may vary the interest rate by providing you notice in accordance with our applicable legal and regulatory obligations.
- 5.4 Notwithstanding any provision of the contrary, the interest rate will be determined by us on such basis as we may at our absolute discretion determine and may be varied from time to time. Should you or the Security Provider be required to deduct or withhold any Taxes from or in respect of any sum payable under or pursuant to the Facility, the Facility Letter and/or the Security Document, (i) the sum payable shall be increased so that we would have received had no deduction or withholding been made and (ii) you or the Security Provider shall pay the full amount deducted or withheld to the appropriate authority in accordance with applicable law and (iii) you or the Security Provider shall deliver to us within thirty (30) days (or such period as we may require) after the due date of the payment hereunder in respect of which such deduction or withholding was made, the receipt or certificate of payment issued by such authority evidencing (to our satisfaction) the deduction, withholding or payment of all amounts so required to be deducted, withheld or paid.

If we are required to make any payment (other than tax on its overall net income), on or calculated by reference to any sum received or receivable by us under the Facility, the Facility Letter, the Security Document or any liability in respect of any such payment is imposed, asserted, levied or assessed against us, then you or the Security Provider shall on demand pay us an amount sufficient to indemnify it against such payment or liability including expenses incurred thereby if we are required to make payment.

8 Increased costs

- 8.1 Notwithstanding anything to the contrary herein contained, in the event that the withholding tax rate shall change or if any change in law or regulation or the interpretation or application thereof shall make it unlawful or commercially impracticable for us to make or continue to make the Facility available to you or to give effect to our obligations under the Facility Agreement, you shall upon demand by us forthwith repay the amounts drawn under the Facility together with interest accrued thereon and all other amounts due to us and our obligations thereunder shall cease accordingly.

Section 5: Risk Disclosure Statement

THIS STATEMENT DOES NOT NECESSARILY DISCLOSE ALL THE RISKS AND SIGNIFICANT ASPECTS OF THE TRANSACTIONS. PLEASE STUDY CAREFULLY THE TERMS AND CONDITIONS OF THE RELEVANT TRANSACTION AND SEEK INDEPENDENT FINANCIAL, TAX, LEGAL OR OTHER ADVICE, AS APPROPRIATE, BEFORE ENTERING INTO ANY TRANSACTION.

You acknowledge and understand that:

1 General conditions

Risk of securities trading

The prices of securities fluctuate, sometimes dramatically. The price of a security may move up or down, and may become valueless. It is as likely that losses will be incurred rather than profit made as a result of buying and selling securities.

Risk of trading in leveraged foreign exchange contracts

The risk of loss in leveraged foreign exchange trading can be substantial. You may sustain losses in excess of your initial margin funds. Placing contingent orders, such as "stop-loss" or "stop-limit" orders, will not necessarily limit losses to the intended amounts. Market conditions may make it impossible to execute such orders. You may be called upon at short notice to deposit additional margin funds. If the required funds are not provided within the prescribed time, your position may be liquidated. You will remain liable for any resulting deficit in your account. You should therefore carefully consider whether such trading is suitable in light of your own financial position and investment objectives.

Risks of client assets received or held outside Hong Kong

Client assets received or held by the licensed or registered person outside Hong Kong are subject to the applicable laws and regulations of the relevant overseas jurisdiction which may be different from the Securities and Futures Ordinance (Cap.571) and the rules made thereunder. Consequently, such client assets may not enjoy the same protection as that conferred on client assets received or held in Hong Kong.

Risk of providing an authority to repledge your securities collateral etc.

There is risk if you provide the licensed or registered person with an authority that allows it to apply your securities or securities collateral pursuant to a securities borrowing and lending agreement, repledge your securities collateral for financial accommodation or deposit your securities collateral as collateral for the discharge and satisfaction of its settlement obligations and liabilities.

If your securities or securities collateral are received or held by the licensed or registered person in Hong Kong, the above arrangement is allowed only if you consent in writing. Moreover, unless you are a professional investor, your authority must specify the period for which it is current and be limited to not more than 12 months. If you are a professional investor, these restrictions do not apply.

Additionally, your authority may be deemed to be renewed (i.e. without your written consent) if the licensed or registered person issues you a reminder at least 14 days prior to the expiry of the authority, and you do not object to such deemed renewal before the expiry date of your then existing authority.

You are not required by any law to sign these authorities. But an authority may be required by licensed or registered persons, for example, to facilitate margin lending to you or to allow your securities or securities collateral to be lent to or deposited as collateral with third parties. The licensed or registered person should explain to you the purposes for which one of these authorities is to be used.

If you sign one of these authorities and your securities or securities collateral are lent to or deposited with third parties, those third parties will have a lien or charge on your securities or securities collateral. Although the licensed or registered person is responsible to you for securities or securities collateral lent or deposited under your authority, a default by it could result in the loss of your securities or securities collateral.

A cash account not involving securities borrowing and lending is available from most licensed or registered persons. If you do not require margin facilities or do not wish your securities or securities collateral to be lent or pledged, do not sign the above authorities and ask to open this type of cash account.

Risk of providing an authority to hold mail or to direct mail to third parties

If you provide the licensed or registered person with an authority to hold mail or to direct mail to third parties, it is important for you to promptly collect in person all contract notes and statements of your account and review them in detail to ensure that any anomalies or mistakes can be detected in a timely fashion.

- 1.1 The terms and conditions in this Section 5 are applicable to Transactions involving shares, equities, foreign exchange, precious metals, bonds, commodities, interest rates, securities, market indices and any combination of these, and any spot, forward contracts, swaps, options and other derivatives transactions thereof including any structured products incorporating any or any combination of the preceding.
- 1.2 Due to the volatile nature of the Transactions and the underlying assets therein, participation in a Transaction involves a certain degree of risk. Your attention is hereby drawn to such risks (which can be substantial). You should consult your independent advisors on the nature, terms and risks of such Transactions and carefully consider whether the kind of Transaction is suitable for you in light of your risk appetite, financial situation, investment experience, investment objectives and investment horizon. You carry the burden of all risks involved in such Transactions.
- 1.3 You accept that, when we undertake a Transaction for you, the Bank or some other person connected with us may have an interest, relationship or arrangement that is material in relation to the Transaction concerned. You further acknowledge and agree that when the Bank undertakes a Transaction for you, the Bank or a person connected with the Bank, could be dealing as principal for its own account or as agent for the account of another client or customer of the Bank.
- 1.4 By entering into any Transaction with the Bank, you confirm that you have read and fully understood this Risk Disclosure Statement and all product term sheets, annexures and supplements pertaining to the Transaction, and that you fully understand the nature and risks of

the Transaction and the terms and conditions governing the said Transaction, including the our margin requirements (if applicable).

- 1.5 The Bank is not obliged to give advice or make recommendations and, notwithstanding that we may do so on request by you or otherwise, you will nevertheless also make your own assessment based on your own judgment having regard to your own circumstances including but not limited to your financial situation, investment experience and investment objectives.

2 Margin requirements

Risk of margin trading

The risk of loss in financing a transaction by deposit of collateral is significant. You may sustain losses in excess of your cash and any other assets deposited as collateral with the licensed or registered person. Market conditions may make it impossible to execute contingent orders, such as "stop-loss" or "stop-limit" orders. You may be called upon at short notice to make additional margin deposits or interest payments. If the required margin deposits or interest payments are not made within the prescribed time, your collateral may be liquidated without your consent. Moreover, you will remain liable for any resulting deficit in your account and interest charged on your account. You should therefore carefully consider whether such a financing arrangement is suitable in light of your own financial position and investment objectives.

Where you transact with the Bank on a margin basis:

- 2.1 You must provide the Bank with an initial margin cover before entering into any of the Transactions. The required amount of initial margin varies with each type of Transaction and the amount is determined by the Bank, from time to time, in its absolute discretion. Notwithstanding the entry into the Transaction, the margin required may be changed at any time and from time to time by the Bank at its absolute discretion.
- 2.2 The margin cover shall be provided by pledging or assigning or charging assets acceptable to us. The valuation of all these collaterals is made according to our prevailing practices from time to time.
- 2.3 The margin cover provided by you may fall below the amount required by the Bank from time to time due to various reasons such as book losses arising from mark-to-market valuation of outstanding Transactions or losses arising from closed-out Transactions or a fall in the value of the collateral.
- 2.4 If the Bank, in its absolute discretion, determines that the margin cover is inadequate at any time, the Bank may take such action as it in its absolute discretion deems fit, including without limitation:
- a. calling upon you at short notice to provide such additional collateral as is determined by the Bank in its absolute discretion. This amount may be substantial and may exceed the amount originally committed as initial margin;
 - b. realizing such part or all of the collateral as the Bank deems necessary to satisfy your liabilities without notice to or consent from you or the party providing the collateral; and/or
 - c. closing out, liquidating, setting off (notwithstanding that any of the same has not yet matured), realizing or otherwise dealing with any or all outstanding Transactions (whether or not any additional loss may thereby arise) by such time and by such means or in such manner as the Bank in its absolute discretion thinks appropriate without notice to or consent from you. In the event the Transactions are liquidated at a loss and the loss exceeds the aggregate margin deposited, you will be liable for any shortfall.
- 2.5 The high degree of leverage resulting from a relatively small margin requirement can work against you as well as in your favor. The use of leverage may result in large losses as well as gains. You should therefore consider the suitability of transacting with us on a margin basis carefully in light of your financial situation, investment experience and investment objectives.

3 Value changes

- 3.1 The prices of securities fluctuate, sometimes dramatically. The price of a security may move up or down, and may become valueless. It is as likely that losses will be incurred as profit made as a result of buying and selling securities or entering into other Transactions.
- 3.2 Specific market movements of the underlying instruments, e.g. fluctuations in foreign exchange rates or interest rates, movements in commodities prices, securities prices and indices etc, cannot be predicted accurately. You may sustain a total loss in excess of the committed amount and any margin or additional margin deposited with us.

4 "Stop-Loss" limits and orders

- 4.1 You may place a "stop-loss" order with the Bank, whereby the Bank is instructed and authorized to close out the relevant open positions of you without further notice as and when the mark-to-market loss on such open positions exceeds the pre-agreed levels (the "stop-loss" limit). However, placing "stop-loss" orders will not necessarily limit your losses to the intended amounts as market conditions may make it difficult or even impossible to execute such order. Accordingly, you hereby release and discharge the Bank from all liability arising out of the non-execution of a "stop-loss" order and hereby authorize the Bank, in such circumstances, to execute such order at such rate and in such manner as it may deem appropriate.

5 Off-exchange transactions

- 5.1 In some jurisdictions, and only then in restricted circumstances, the Bank is permitted to effect off-exchange Transactions. The Bank may be acting as your counterparty to the Transaction. It may be difficult or impossible to liquidate an existing position, to assess the value, to determine a fair price or to assess the exposure to risk. For these reasons, these Transactions may involve increased risks. Off-exchange Transactions may be less regulated or subject to a separate regulatory regime. Before you undertake such Transactions, you should familiarize yourself with applicable rules and attendant risks.

6 **Risks of options**

Risk of trading futures and options

The risk of loss in trading futures contracts or options is substantial. In some circumstances, you may sustain losses in excess of your initial margin funds. Placing contingent orders, such as "stop-loss" or "stop-limit" orders, will not necessarily avoid loss. Market conditions may make it impossible to execute such orders. You may be called upon at short notice to deposit additional margin funds. If the required funds are not provided within the prescribed time, your position may be liquidated. You will remain liable for any resulting deficit in your account. You should therefore study and understand futures contracts and options before you trade and carefully consider whether such trading is suitable in the light of your own financial position and investment objectives. If you trade options you should inform yourself of exercise and expiration procedures and your rights and obligations upon exercise or expiry.

- 6.1 Transactions involving options carry a high degree of risk. You are solely responsible for ensuring that we receive adequate and timely instructions as to the exercise or abandonment of any options.

6.2 **Risk involved in buying options**

The buyer of any option risks losing some or all the amount paid or payable as premium for the option. This could occur due to unfavorable price performance of the underlying instrument, or due to expiry of the option without the buyer giving any instructions to the Bank in respect of the exercise of the option. As the value of an option is partly dependent on the remaining tenor of the option prior to expiry date (time value), an option may decline in value over time even if the value of the underlying instrument remains constant or performs favourably. The shorter the time remaining until the date of expiration, and the larger the unfavourable price difference between the exercise price and the market price, the greater is the option buyer's risk of losing the premium paid

6.3 **Risk of selling (writing) covered CALL options**

The writer of a covered CALL option sells (writes) the CALL option for an underlying instrument which he already has available. If the option is exercised by the buyer, the writer does not profit from the price growth of the underlying instrument in excess of the exercise price. Thus a profit is missed by the writer of a covered CALL option. The profit missed is reduced only by the premium received. If the CALL option is not exercised by the buyer, the writer bears the full risk of a decline in the price of the underlying instrument. The decline in the price of the underlying instrument is reduced only by the amount of the premium received.

6.4 **Risk of selling (writing) uncovered CALL options**

The writer of an uncovered CALL option sells (writes) the CALL option without already having the underlying instrument available in the event it has to be delivered. The writer of an uncovered CALL option is required to deposit a security margin. If the price of the underlying instrument rises the security margin increases. The writer firstly bears the risk of having to provide additional collateral to the Bank at any time in order to meet the higher margin demands. If the CALL option is exercised by the buyer, the writer bears the risk of having to buy the underlying instrument to be delivered at a market price which is higher than the exercise price. Since there is no limit to the amount by which the market price of the underlying instrument may exceed the exercise price, the writer of an uncovered CALL option runs the risk of incurring an unlimited loss. The loss thus arising is reduced only by the amount of the premium received.

- 6.5 A CALL option gives the buyer – against payment of the option price (premium) – the right to purchase, at any time during a specified period (in the case of an American option), or at the end of that period (in the case of a European option), and at a specified price (exercise price), the underlying instrument from the seller (writer) of the option in a quantity predetermined by the option transaction concerned. Should the buyer exercise its option, the seller (writer) of the option must deliver the underlying instrument to the option buyer at the exercise price.

6.6 **Risk of selling (writing) PUT options**

The writer of a PUT option is required to deposit a security margin. If the price of the underlying instrument falls, then the security margin to be provided will increase. The writer runs the risk of being called upon at any time by the Bank to furnish additional collateral to satisfy the increased margin requirements. If the buyer exercises the PUT option, the writer runs the risk of having to purchase the underlying instrument offered to him at an exercise price which is higher than the market price of the underlying instrument. The exercise price may be considerably higher than the market price of the underlying instrument. The risk to the writer of a PUT option lies in the difference between the exercise price of the PUT option and the market price of the underlying instrument and is therefore limited to the amount of the exercise price. Any loss thus arising is reduced only by the amount of the premium received.

- 6.7 If the buyer does not exercise the PUT option before its expiry, the security margin provided by the writer is released and the writer of the PUT option no longer faces the risk of having to purchase the underlying instrument at a price exceeding the market price. The writer of the PUT option retains the premium received.

- 6.8 A PUT option gives the buyer – against payment of the option price (premium) – the right to sell, at any time during a specified period (in the case of an American option), or at the end of that period (in the case of a European option) and at specified price (exercise price), the underlying instrument to the seller (writer) of the option in a quantity predetermined by the option transaction concerned. Should the buyer exercise its option, the seller (writer) of the option must purchase the underlying instrument from the option buyer at the exercise price.

7 **Risks of forward contracts**

- 7.1 The seller of forward foreign exchange or precious metals must deliver at the agreed price, which can be considerably below the then market price if market prices are rising. The purchaser of forward foreign exchange of precious metals, on the other hand, must accept delivery at the agreed price, which can be considerably higher than the then market price, if market prices are falling. In both cases, the risk lies in the difference between the agreed price and the market price. This risk is not determinable in advance and can exceed any collateral provided.

8 **Risks of forward rate agreement contracts**

- 8.1 You may enter into a forward rate agreement contract to pay or receive interest at an agreed rate over a period commencing at a future date regardless of the level of interest rates prevailing at that future date. For uncovered contracts, there is an unlimited interest rate risk, computed on the full amount(s) contracted.

9 Risks of interest rate swaps

- 9.1 An Interest Rate Swap is an agreement between two parties to make reciprocal payments over a specific period of time. The payments are determined by reference to a notional principal amount and fixed at floating rates of interest. Floating rates are typically based on some published index of market rates. You may be a receiver of a fixed rate and payer of a floating rate, or vice versa. In either case, movements in the referenced rates could have a significant impact on your cash flow as well as the cost of unwinding the swap position. For uncovered contracts, there is an unlimited interest rate risk, computed on the full amount(s) contracted.

10 Risks of swaps

- 10.1 Different instruments may be swapped, resulting in an exchange of the source of future payment streams, and occasionally also an exchange of principal on commencement and/or maturity date (more frequently if the Transaction is an amortizing swap). The risk that one of the parties to the swap will default or otherwise fail to perform its obligations is typically greater in swaps where both principal and income streams are exchanged. For uncovered contracts, there is risk which is directly related to the risks of the different instruments swapped. It is important to note that these risks may not be offsetting in effect, and should be viewed instead in aggregate.

11 Risks on precious metals transactions

- 11.1 In relation to any precious metals Transactions, you should be aware that the market in precious metals is volatile and a loss may be incurred from transacting in precious metals. Precious metals may not bear interest.
- 11.2 Your purchase of precious metals for the account may not represent a purchase of physical metals or a deposit of money. You may not have any interest in any precious metals owned or held by us or be entitled to physical delivery of precious metals.
- 11.3 Due to the fluctuating nature of the precious metals markets, the prices of precious metals may rise or fall beyond your expectations and your investment funds may increase or decrease in value as a result of selling and purchasing of precious metals. Before making any investment decision, you should assess your own willingness and ability to bear risks and seek advice from an independent financial adviser.

12 Risks on Linked Deposit transactions

- 12.1 The risk of loss in a deposit may be substantial in certain circumstances. The interest which may become payable on a Linked Deposit Transaction is generally higher than the interest on an ordinary time deposit. However, this carries with it higher risks. The actual return on a deposit will depend on market conditions and the value at the fixing time or at maturity of the securities or thing to which the deposit is linked. The risks which you will assume depend on the structure and terms of the deposit.
- 12.2 If the deposit is linked to securities, you may accept a legal obligation to take the underlying securities at the pre-agreed strike price instead of receiving the principal (and interest) of the deposit, if the price of the underlying securities falls below the strike price. You will therefore receive securities that have fallen in value. You will lose the entire deposit if the underlying securities become worthless.
- 12.3 If the deposit is linked to a currency, you may receive an amount in a currency which has depreciated in value. You may suffer a loss instead of making a gain.
- 12.4 If the deposit is linked to an index, you should understand that the principal or interest amount is determined by a formula linked to the value of the index. Movements in the index may therefore adversely affect the principal or interest amount, and the principal amount to be repaid on the maturity date may be less than the original amount or may even be zero.
- 12.5 Deposits are intended to be held to maturity. You may not transfer or terminate the deposit without prior written consent of the Bank, and could incur significant losses in closing a Transaction before maturity.

13 Other transactions and combinations

- 13.1 Combinations are referred to when at least two different instruments – either in identical or different classes are bought and/or sold (written) at the same time. By closing or exercising individual parts of a combination Transaction, the risks involved can materially change. On account of the broad range of possible Transactions and combinations thereof, before executing such Transactions or putting combination strategies into operation, you should ensure that you have obtained and become thoroughly familiar with the product term sheets, annexures and supplements pertaining to such Transactions or combinations thereof and the specific risks involved.

14 Pricing relationships

- 14.1 For financial derivative Transaction, e.g. futures and options, the normal pricing relationships between the underlying instruments and the financial derivatives may not exist in certain circumstances, in particular in “combined” or “structured” transactions. The absence of a “common” or “market” reference price may make it difficult, if not impossible, for the “fair” value of the Transaction to be assessed independently. Whilst we will provide periodic mark-to-market valuations to you, you acknowledge and agree that our determination of the value of the Transaction in accordance with its normal practices from time to time shall be conclusive and binding. You further acknowledge and agree that you shall not have any access to and shall not query or require further particulars of the mode of calculation adopted by us.

15 Exchange traded instruments and the impact of electronic trading

- 15.1 For Transactions involving underlying contracts or instruments which are traded on stock or futures exchanges (the exchanges), disruption of the normal market operation or conditions of such exchanges and/or the rules of operation of such exchanges (e.g. discretion on the part of the exchange to suspend or limit trading of certain contracts or instruments under certain market conditions) may increase the risk of loss by making it difficult or impossible to close out the Transactions or illiquid positions. You should inform yourself of exercise and expiration procedures and your rights and obligations upon exercise or expiry of Transactions.

- 15.2 Further, for Transactions in which the underlying contracts or instruments are supported by electronic trading facilities at the exchanges, e.g. computer based component systems for order-routing, execution, matching, registration, or clearing of trades, any temporary disruption or power/system failure of such electronic trading facilities could result in a disruption in the trading activities at the exchange and an unavailability of reference prices for the relevant Transaction. In such circumstances, your order may not be executed according to your instructions or at all, which may lead to losses. It is likely that such losses will not be recoverable from the relevant exchange as the rules thereof invariably exempt them from such liabilities.

16 Risks of leveraging

- 16.1 The degree of leverage and/or arbitrage which is obtained in connection with the Transactions can work against as well as for you. The use of leverage and/or arbitrage can lead to large losses as well as gains. Such leveraging may be by way of a loan, trading on a margin, or embedded within an instrument such as a structured note.

17 Currency risks

- 17.1 Where you engage in a Transaction involving one currency to hedge an original investment in another currency, or where the Transaction entered into by you references two different currencies, you should be aware that fluctuations of the currencies against each other or against the other underlying elements of the Transaction may affect your net profit on the Transaction or increase your loss. Exchange controls may be applicable to the currencies to which the investment is linked.
- 17.2 Renminbi ("RMB") is currently not freely convertible and conversion of RMB through banks in Hong Kong is subject to certain restrictions. For example, the conversion of RMB by some individuals is subject to a daily limit, so you may have to allow additional time for conversion of RMB from/to another currency of an amount exceeding the daily limit.
- 17.3 RMB is subject to foreign exchange control by the PRC central government. There is currently a limited pool of RMB outside mainland China and any tightening of foreign exchange control may adversely affect the liquidity of offshore RMB.
- 17.4 The requirements, controls or restrictions concerning RMB may be amended or subject to change from time to time, and may adversely affect an applicable exchange rate or make it impractical for you to convert RMB into other currency therefore resulting in significant loss on conversion.
- 17.5 For RMB products which are not denominated in RMB or with underlying investments which are not RMB-denominated, such products will be subject to multiple currency conversion costs involved in making investments and liquidating investments, as well as the RMB exchange rate fluctuations and bid/offer spreads when assets are sold to meet redemption requests and other capital requirements (e.g. settling operating expenses).

18 Liquidity risks

- 18.1 At certain times, or under certain market conditions, you may find it difficult or impossible to liquidate a position, to assess the value or to determine a fair price. Certain equity or debt securities and money market instruments and, in particular, structured notes or customized products may not be readily realizable. There can be no certainty that market traders will be prepared to deal in them, and proper information for determining their current value may not be available.

19 Credit and legal risks

- 19.1 If the issuer of a particular security or instrument or the counterparty to the Transaction you are entering into is other than us, you should satisfy yourself that the credit risk of such issuer or counterparty is acceptable to you, since we will not be liable in the event of a default by such issuer or counterparty.
- 19.2 You should also familiarize yourself with the protections accorded to money or other property you deposit for domestic and foreign Transactions, particularly in the event of an insolvency or bankruptcy of the issuer, custodian or intermediary. The extent to which you may recover your money or property may be governed by local rules and regulations. In some jurisdictions, property which had been specifically identifiable as yours will be pro-rated in the same manner as cash for purposes of distribution in the event of a shortfall.
- 19.3 Where your assets are received or held in a jurisdiction other than that in which your account is booked, you acknowledge that such assets may not enjoy the same protection as that conferred under the legislation of Hong Kong. Your local regulatory authority will be unable to compel the enforcement of the rules of regulatory authorities or markets in other jurisdictions where your Transaction have been effected.

20 Tax risks

- 20.1 Before entering into any Transactions, you should understand the tax implications of doing so, for example, income tax. Different derivatives Transactions may have different tax implications. The tax implications of Transactions in derivatives are dependent on the nature of your business activities and the Transactions in question. You should therefore consult your tax adviser to understand the relevant tax considerations before entry into any Transaction.

21 Emerging markets

- 21.1 Emerging markets are markets in countries with moderate to low per capita national income, according to the World Bank's definition. This applies, for example, to some Asian countries.
- 21.2 Experience has shown that political changes in emerging markets countries affect the capital markets more profoundly than is the case in industrialized countries. Economic policy measures such as nationalization, government intervention in industry and trade, or limits on ownership rights may dramatically change corporate earnings outlook for foreign investors in emerging markets. The influences of higher interest rates or a high inflation rate can have much more serious consequences for economic development than would be the case in more mature markets. The dependence on price trends of commodities also represents an additional risk.

- 21.3 Natural disasters or armed conflicts can occur anywhere. Such incidents usually result in considerable market volatility. In mature markets, setbacks are digested relatively rapidly. In contrast, financial conditions in emerging markets are generally more profoundly affected and over a longer period of time.
- 21.4 Currency fluctuations may be sudden and extreme, producing a disproportionate impact on the value of investments, which are usually denominated in or linked to the movements of local currency.
- 21.5 Foreign exchange regulations in some countries may also impose restrictions on the exchange and transfer of invested funds. The settlement of stock market transactions in emerging markets may not meet the norms of the established financial centers. Due to the lack of clear, standardized regulations for settling or clearing, delays in booking or failed trades with corresponding losses may occur.
- 21.6 The reform of regulatory supervision and legislation in emerging markets may not always keep pace with developments in mature markets. Independent supervision of business practices, stock market dealings and issuers, may not be as developed as in more mature markets. Insufficient transparency means a greater likelihood of market-distorting influences. Moreover, not all countries have a mature legal system with transparent standards and precedents. Investors in such instances may have no guarantee that they will be able to assert their rights before local courts.
- 21.7 Where you request the Bank to purchase for you financial instruments which are available in various emerging markets, such as bank certificates of deposits, and debt or equity securities issued by public or private sector institutions (hereafter collectively referred to as "Emerging Markets Financial Instruments"), you represent that you have and will continue to make your own independent appraisal of, and investigations into the financial condition and creditworthiness of any issuer.
- 21.8 Moreover, the Bank shall not be deemed to have made any representation or warranty as to the financial condition of the issuer or the performance by the issuer of its obligations under such financial instruments, with respect to any Transactions in Emerging Markets Financial Instruments the Bank may execute at your request. You acknowledge you are aware of and are able to weigh the diverse risks, the most of which are identified above, before investing in Emerging Markets Financial Instruments.

It may be necessary for those accounts that are subject to these charges to make substantial trading profits to avoid depletion or exhaustion of their assets.

26 Risks associated with unsecured e-mail communication

- 26.1 The Bank emphasize and you acknowledge that e-mails are sent via open installations (such as public and private data transfer networks and providers that are accessible worldwide) available to anyone. It is therefore impossible to control the transmission route of an e-mail, and e-mails are often routed through more than one country (even when the sender and recipient are located in the same country). You acknowledge and agree that a multitude of risks are therefore inherent in unsecured e-mail, including but not limited to:
- Lack of confidentiality: e-mail and their attachments can be viewed without restriction and systematically monitored, unnoticed, by unauthorized third parties (and also by authorities) with relatively little effort;
 - Possible to manipulate content and/or fake sender: the content of an e-mail, any attachments and sender details (e-mail address) can be tampered with or falsified, unnoticed, by an unauthorized third party; likewise, the transmission of an e-mail can be delayed or prevented;
 - Transmission errors/failures: e-mails and their attachments may be altered, mutilated, misrouted, delayed, or deleted due to technical failures or malfunctions during transmission;
 - Lack of integrity: there is no way for a recipient to technically verify the integrity of an e-mail, the e-mail sender and content (manipulations and errors are not usually discovered in time);
 - Viruses, Trojan Horses, Worms, Spam, etc.: considerable damage can be done to the e-mail addresses and e-mail from us can be faked as a result of such e-mail or computer infections created or spread, unnoticed, by third parties;
 - The Bank accepts no responsibility for any losses arising from such risks.

27 Risks associated with instructions via facsimile

- 27.1 Non-original signatures on the facsimile may be forged and such instructions may be transmitted to, and received at, wrong numbers, and may never reach us and may be disclosed to third parties at the wrong number thereby losing their confidential nature.

2.7 RMB non-deliverable forward transactions

- a. By entering into RMB non-deliverable forward transactions ("**RMB NDF**") with us, you can buy or sell RMB at a rate pre-set with us to hedge against foreign exchange risks and to grasp market opportunities.
- b. How does a RMB NDF work?
For each RMB NDF, we will determine on the valuation date the settlement currency amount in US dollars ("**USD**") by reference to the notional amount and by comparing the agreed forward rate and the settlement rate (being the central parity rate for RMB against USD as announced by the People's Bank of China on the valuation date), which will be settled in USD on the settlement date. There will be no delivery of RMB.

- c. With RMB NDF, you can:
Lock the desired exchange rate: If you are holding RMB deposits, you can use RMB NDF to lock the RMB exchange rate and stabilize your return.

Hedge against exchange rate risk: If your cross-border business requires RMB settlement, or you foresee any other need of RMB in the future, you can enter into a RMB NDF according to your investment needs to hedge exchange rate risks due to exchange rate fluctuations.

- d. Special features of RMB NDF

| | |
|---|---|
| Reference currency | RMB |
| Settlement currency | USD |
| Contract period | 1 month, 2 months, 3 months, 6 months or 12 months |
| Minimum notional amount per transaction | USD10,000 |
| Designated account | You are required to retain an amount equal to 100% of the notional amount of your RMB NDF in a designated account with the Bank throughout the contract period to cover settlement of your RMB NDF. You may choose to use your HKD, RMB or USD saving or current account, or multi-currency account or a fixed deposit, etc. as the designated account. |
| Number of transactions | No limit |
| Settlement rate | The central parity rate of RMB against USD as published by the People's Bank of China on the website http://www.pbc.gov.cn on the valuation date. |
| Settlement currency # | USD (No delivery of RMB) |
| Settlement currency amount | An amount in USD calculated as follows: Notional amount \times [1 - (forward rate \div settlement rate)] If the settlement currency amount > 0: The seller of USD shall pay the settlement currency amount to the buyer of USD. If settlement currency amount < 0: The buyer of USD shall pay the settlement currency amount to the seller of USD. |
| Service charge | None |
| Trading hours | Monday to Friday: 9am to 5pm excluding Saturday, Sunday and Hong Kong public holidays. |

Your multi-currency account shall be used for settlement purpose. If you do not hold a multi-currency account, we will use your HKD savings or RMB deposit account as the settlement account, and will settle after the relevant currency conversion(s) at our prevailing exchange rate(s).

Example 1: If you sell USD and buy RMB

If you plan to invest in RMB with your fixed deposit of USD20,000 which will mature in 3 months, and want to lock current RMB forward rate for the investment, you may, by using the USD fixed deposit account as the Designated Account, enter into a 3-month RMB NDF with the Bank to sell USD20,000 at the current RMB **forward rate of 6.6500** to hedge against any risk of appreciation of RMB during the 3-month period (see below).

| Scenario | Settlement rate | Settlement currency amount (USD) | Remarks |
|-------------------------------|-----------------|--|---|
| Scenario 1 - RMB depreciation | 6.7900 | 412.37 (Amount payable to the Bank by you on the settlement date) | As you are selling US dollars under your RMB NDF, you will suffer a loss from your RMB NDF. However, you can buy RMB at a lower spot rate which can compensate for your loss. |
| Scenario 2 - RMB unchanged | 6.6500 | 0 | There is no loss or gain under your RMB NDF. You may sell RMB at spot rate. |
| Scenario 3 - RMB appreciation | 6.4700 | 556.41 (Amount payable to you by the Bank on the settlement date) | As you are selling USD under your RMB NDF, you will make a profit from your RMB NDF which can compensate for your loss for having to buy RMB at a higher spot rate. |

Example 2: If you buy USD and sell RMB

You have entered into a RMB denominated contract for the sale of goods with a business partner in China, where it is agreed that you shall receive a payment of RMB500,000 after six months. Since the purchase cost of your goods will be settled in US dollars, you would like to lock the RMB exchange rate to secure that the sales proceeds is not affected by exchange rates. You may hedge against any risk of depreciation of RMB during the 6-month period by entering into a 6-month RMB NDF with the Bank to purchase USD74,626.87 at RMB forward rate of **6.7000** (see below).

On the valuation date, the cash settlement can be one of the following scenarios:

| Scenario | Settlement rate | Settlement currency amount (USD) | Remarks |
|-------------------------------|-----------------|--|---|
| Scenario 1 - RMB depreciation | 6.8400 | 1,527.45 (Amount payable to you by the Bank on the settlement date) | As you are buying USD under your RMB NDF, you will make a profit from your RMB NDF, which can compensate for your loss for having to sell RMB at a lower spot rate. |
| Scenario 2 - RMB unchanged | 6.7000 | 0 | There is no loss or gain under your RMB NDF. You may sell RMB at spot rate. |
| Scenario 3 - RMB appreciation | 6.5200 | 2,060.25 (Amount payable by you to the Bank on the settlement date) | As you are buying USD under your RMB NDF, you will suffer a loss from your RMB NDF. However, you may sell RMB at a higher spot rate. |

The above information and hypothetical examples are for reference only and are not a complete analysis of all the possible gain or loss scenarios in an actual investment. You must not make any investment decision based upon the above information.

Remark: All forward rates, settlement rates and exchange rates used in the above two examples are expressed as the number of units of the RMB required to purchase one unit of USD.

e. Risk Disclosure

The following risk disclosures do not purport to disclose all the risks involved. If in doubt, you should seek independent financial and professional advice before you make any investment decision.

- i RMB NDF is a non-deliverable forward in respect of RMB which will be settled in USD (or such other currency or currencies as may be specified in the confirmation relating to the RMB NDF transaction which you enter into).
- ii Prior to investing in RMB NDF, you should read the general terms and conditions set out in the RMB NDF Terms and the product specific information contained in the confirmation that will be provided to you when you enter into a RMB NDF.
- iii RMB NDF is not principal protected. You bear a foreign exchange risk should the exchange rate between RMB and USD (or other specified currencies) change between the time the RMB NDF transaction is entered into and the time it is settled.
- iv RMB NDFs are illiquid instruments which are not transferable or tradeable. You should therefore be prepared to hold your RMB NDF until the settlement date.
- v You assume the full credit risk of the Bank.
- vi You must make your own independent decision as to whether and on what terms to enter into a RMB NDF transaction and should take independent professional advice as appropriate.
- vii You acknowledge that the Bank or an affiliate may be requested to provide a quotation or quotation(s) from time to time for the purpose of determining the settlement rate used for the purposes of a RMB NDF transaction and such quotation(s) may affect, materially or otherwise, the settlement of that transaction.
- viii Material in this Part 4 is provided to you for reference only. It is not, and does not constitute, any offer, solicitation or recommendation to buy or sell any investment product or service, or to effect any RMB NDF.

The prices of securities fluctuate, sometimes dramatically. The price of a security may move up or down, and may become valueless. It is as likely that losses will be incurred rather than profit made as a result of buying and selling securities.

Foreign securities are traded exclusively or primarily outside Hong Kong and shall, as a general rule, be held in custody abroad. Client assets received or held by a licensed or registered person outside Hong Kong are subject to the applicable laws and regulations of the relevant overseas jurisdiction which may be different from the Securities and Futures Ordinance (Cap. 571) and the rules made thereunder. Consequently, such client assets received or held outside Hong Kong may not be subject to the same protection as that conferred on client assets received or held in Hong Kong.

Transactions on markets in other jurisdictions, including markets formally linked to a domestic market, may expose the Client to additional risks. Such markets may be subject to regulations which may offer different or diminished investor protection. Before the Client trades, the Client should enquire about any rules relevant to the Client's particular transactions. The Client's local regulatory authority will be unable to compel the enforcement of the rules of regulatory authorities or markets in other jurisdictions where the Client's transactions have been effected. It is the Client's responsibility to obtain details about the types of redress available in both the Client's home jurisdiction and other relevant jurisdictions before the Client starts to trade.

The limited scope and trading hours of the Services might cause potential inconvenience, inflexibility or delay in carrying out the Client's instructions including but not limited to buy/sell order placement and choice of voluntary corporate action etc. The Bank will work on a best effort basis to deliver the Services, but is under no obligation for any deemed financial loss or loss of investment opportunity whatsoever. The Client is advised to read this document carefully before accepting to use the Services provided by the Bank.

The Bank is acting as agent of the Client in the Services and may be subject to possible delay in settlement in terms of stock purchase, sale, dividend or interest receipt owing to unforeseen situations that might forbid the broker or custodian from making valid or timely delivery of stock or payment of any sort pertaining to the purchase, sale or holding of the stock under the Services.

There may be an exchange rate risk. Fluctuation in foreign exchange rates, foreign political and economic developments or so may affect the Client's investment return on global stocks, which is denominated in USD, JPY and SGD (as applicable).

7 Miscellaneous

7.1 In respect of Singapore stock trading services, save where agreed otherwise, the Bank's right to set off, sell, realise or otherwise dispose of the Client's securities, assets and other property, or to exercise any control or discretion over such set off, sale, realisation or disposal as set out in Clause 7.3 under Section 2 (General Terms and Conditions) of the Terms and Conditions for Private Banking Services or in any other provisions in the Standard Terms do not apply to the following:

- (a) voting shares (excluding treasury shares) of any Singapore incorporated company any or all of the shares in which are listed (primary or otherwise) for quotation on the official list of any approved exchange;
- (b) voting shares (excluding treasury shares) of a foreign incorporated corporation any or all of the shares in which are listed for quotation on the official list of any approved exchange, such listing being a primary listing;

- (e) voting units of a real estate investment trust any or all the units of which are listed for quotation on the official list of any approved exchange, such listing being a primary listing.

For the purpose of this clause, approved exchange is as defined in the Securities and Futures Act 2001.

7.2 Without limitation to any provisions in the Standard Terms, the Bank reserves the rights to change, suspend or terminate the Services and to amend these Global Stock Trading Terms and Conditions at its sole discretion any time. In case of any disputes, the decision of the Bank shall be final.

7.3 In case of any discrepancies between the English and Chinese version of these Global Stock Trading Terms and Conditions, the English version shall prevail.
