Risk Disclosure:

The following risk disclosure statements cannot disclose all the risks involved and does not take into account any personal circumstances unknown to BOCHK. You should undertake your own independent review and seek independent professional advice before you trade or invest especially if you are uncertain of or have not understood any aspect of the following risk disclosure statements or the nature and risks involved in trading or investment. You should carefully consider whether trading or investment is suitable in light of your own risk tolerance, financial situation, investment experience, investment objectives, investment horizon and investment knowledge.

Risk of Foreign Currency Trading

Foreign currency investments are subject to exchange rate fluctuations which may provide both opportunities and risks. The fluctuation in the exchange rate of foreign currency may result in losses in the event that customer converts the foreign currency into Hong Kong dollar or other foreign currencies. Currency exchange is also subject to cost (being the spread between the buy and sell of relevant currencies).

RMB Conversion Limitation Risk

RMB investments are subject to exchange rate fluctuations which may provide both opportunities and risks. The fluctuation in the exchange rate of RMB may result in losses in the event that the customer converts RMB into HKD or other foreign currencies. Currency exchange is also subject to cost (being the spread between the buy and sell of RMB). RMB is currently not fully freely convertible. Individual customers can be offered CNH rate to conduct conversion of RMB through bank accounts and may occasionally not be able to do so fully or immediately, for which it is subject to the RMB position of the banks and their commercial decisions at that moment. Customers should consider and understand the possible impact on their liquidity of RMB funds in advance.
