The quoted interest rate is calculated based on a loan amount of HK\$1,500,000 with repayment tenor of 12 months and monthly flat rate of 0.0754%. The annualised percentage rate ("APR") is 1.68% , without handling fee.

ii. In the example of Loan Top-up:

The quoted interest rate is calculated based on a loan amount of HK\$1,000,000 with repayment tenor of 12 months and monthly flat rate of 0.1229 %. The APR is 4.68%, including an annual handling fee of 1%.

iii. In the example of Balance Transfer:

In the example of BOC Express Cash Instalment Loan Balance Transfer, assume the credit card outstanding balance is HK\$200,000, an annual interest rate of 30% charged by general credit card and a monthly repayment of all fees and charges billed to the credit card followed by 1.5% of the credit card outstanding balance or HK\$50 (whichever is higher) over 379-months repayment period.

The BOC Express Cash Instalment Loan Balance Transfer example is calculated on the basis of a loan amount of HK\$200,000, a repayment tenor of 48 months and a monthly flat rate of 0.3068%, and thus the APR is 9.41%, including an annual handling fee of 1%, the total interest expenses are HK\$29,453, 92% less than interest expense incurred from credit card bill.

- j. BOCHK reserves the right of final decision on any Loan application. BOCHK reserves the right to decide whether to accept or reject the application with reference to the applicant's credit report and the information provided by the applicant. The applicant is not required to provide any reason for the rejection of the application. If necessary, BOCHK reserves the right to request the applicant to provide extra documents for further approval purposes. The Loan is subject to the terms set out in the Loan document signed between the Loan applicant and BOCHK.

Early Settlement Fee

- Upon early settlement of the Loan, outstanding interest and principal shall be calculated on the basis of "Reducing Balance Method". The Borrower shall pay an early settlement fee which is 2% of the approved principal amount of the loan. BOCHK may at its discretion adjust the early settlement fee at any time.
- Please note that different loan products have an individual calculation of the apportionment of the interest and principal even though the monthly repayment amount is equal. More interest will, in general, be included in earlier repayments, and less on principal. In other words, where a borrower has been making repayments as scheduled for some time, the amount of outstanding interest is likely to be small. If the borrower chooses to pay off the loan early at this moment, the loss may outweigh the gain as the amount saved may not be enough to cover the relevant charges for early repayment. You are suggested to make enquiries to BOCHK for the total settlement amount (including the loan outstanding amount, early settlement/redemption fee and other incurred fee(s)) and unpaid interest. You may visit our website Home > Loan > Personal Loan > Instalment Loan /BOC Express Cash Instalment Loan Top up/ BOC Express Cash Instalment Loan Balance Transfer to refer to Instalment Loan Calculator and Repayment Schedule, for details of apportionment of interest and principal for each loan repayment throughout the loan tenor, the method of apportionment and the incurred fee(s). You are advised to make comparison and consider thoroughly before deciding whether to choose an early repayment.

Important Notice of Trading Odd Lots:

- Only accept "Market Order" instructions.
- Only accept not more than 10 transaction instructions per trading day.
- Will not accept buying odd lots through Mobile Banking via securities margin accounts.
- Upon receipt of the customer's confirmation of the buy instruction of a Market Order, the transaction amount and additional charges (including brokerage fees and other charges) will be calculated based on the 10 spreads from the nominal price quoted at the time when the order is processed. The sum will be withheld from your available investment amount.
- For the odd lot selling order, if no "odd lot price" is input, the odd lot order would be executed at the price in the odd lot market, which may deviate by several spreads from the nominal price. The order type of such odd lot orders would be a "Market Order".
- If the proceeds of the odd lot selling order are less than the related charges, the customer must pay the difference.
- The buy instruction of a Market Order will be submitted to the market for matching once with the 10 best price queues in the prevailing market and within the range of a maximum of 10 spreads above the nominal price at the time when the order is processed, provided that the order price is not lower than 0.01 of the denominated currency of the relevant stock. The final execution price may deviate considerably from the nominal price at the time of order

placement. Any unexecuted orders will be automatically cancelled at once.

- Stock transactions will be settled on the 2nd trading day after the trade day (T+2 Settlement).
- All unexecuted orders will be cancelled after the market closes.
- The processing time is related to the stock liquidity and the number of odd lot shares.
- Due to the manual processing of odd lot orders, there is no definite range of price difference between the odd lots and the board lots. Such orders may take longer to process and are not guaranteed to be executed.
- Normally, the execution price of an odd lot order will have several spreads worse than that of a board lot order. BOCHK does not guarantee that investors can execute the odd lot orders at the best prices. The odd lot selling order under monthly savings plan would be executed at the prevailing price of the board lot market.
- HKEx stipulates that the number of odd shares purchased and sold shall not exceed one board lot. When choosing odd lot order trading, an order with a share quantity equal to or exceeding one board lot of the stock will be rejected.
- The quantity of odd lot stocks can be accumulated to reach one board lot in securities account. However, BOCHK Mobile Banking and Internet Banking do not provide the service of splitting one board lot stocks into odd lots for stocks selling.
- The buying odd lot stock list is subject to change by BOCHK from time to time without prior notice.
- By using BOCHK's odd lot trading services, you agree to the terms set out in this Important Notice.
